

November 24, 2014

Dr. Ronald Taylor;

The Education Facilities Clearinghouse (EFC) would like to express our sincere appreciation to you for granting us the permission to utilize your dissertation on our clearinghouse website. Your dissertation, *School Facilities in the Nation's Capital: An Analysis of Student Achievement, Attendance, and Truancy*, will add to our database of studies that deal with the physical school buildings and how they directly and indirectly affect teachers and students.

The (EFC) is a program of the George Washington University and the Graduate School of Education and Human Development and is funded by the U.S. Department of Education. The EFC maintains an easily accessible website that includes electronic resources about the planning, design, financing, procurement, construction, improvement, operation, and maintenance of safe, healthy and high-performing education facilities.

Here is a link to view your dissertation online.
