We sincerely hope that you will benefit greatly from participating in our educational and extracurricular programs. You will find the staff and administration anxious to assist you as you pursue your educational and vocational goals. Please call on us to aid you in taking maximum advantage of the numerous educational opportunities that are available. We extend to you our sincere best wishes for a pleasant and productive school year.

II. HISTORICAL BACKGROUND

The early pioneers of Harrison and Washington Townships were interested in the education of their youth and their preparation for the future. Historical records indicate that the first school was held in a private home in 1833. Throughout the years, education was provided by subscription and maintained in private homes and log cabins. Later the townships were divided into districts, and one room schoolhouses were built in each district. Shortly after the Civil War the residents of Gaston selected a site near the center of town for their school. In 1896 a six room building was built to serve the educational needs of the community. Later three more rooms were added to complete the square building. In 1923 consolidation of the school districts required more space, and a new gymnasium and classrooms were added. An elementary building was constructed in 1958 near the original building site.

A school was built in 1924 in Harrison Township to serve elementary and high school students. Prior to this time the elementary students were taught in the district schools and the high school students were transferred to nearby schools. An addition was added to the original building in 1959.

Residents of the two townships voted to merge in May of 1964, and the present school corporation became an entity on July 1, 1964. The Board of School Trustees instituted immediate studies on the problems of overcrowding and inadequate facilities for the student population. In early fall of that year a decision was reached to build a new junior-senior high school and to renovate the Harrison building. As a result of the studies, negotiations were initiated with School Buildings Incorporated of Gary and Indianapolis, to provide the facilities, via a lease rental plan, on a schedule designed for earliest occupancy of the building. Many hours of meetings and planning occupied the winter months, and on October 11, 1965, the ground was broken for the much needed school. Due to the unique cooperation and planning of personnel from the private financing firm, the architect and contractors, and with the school authorities, the building was occupied the following year. The conversion of the Harrison School was completed during the summer months, providing a complete elementary school that now meets the current standards of the State of Indiana.

On September 6, 1967, the new school opened its doors to the students of Harrison and Washington Townships. The school officials considered the period of planning, building, and completing this project to be a record in Indiana and complimented the experience, resources, and cooperation of the educational facility developer.

III. PHILOSOPHY

We believe that Wes-Del Middle/High School exists to provide a program that will meet the educational need of every student. We believe that opportunities should be provided for the expansion of the total learning process to include the development of concepts, creativity and decision making skills and to stimulate the desire to increase one’s knowledge. We realize that our students differ widely in abilities, aptitudes, interests, and ambitions and that they are also conditioned by their home and community environments. We believe that this school should provide classes in which the activities are designed to meet the needs, the interests, and the abilities of all the students. We believe that the school should attempt to deal with each student as an individual with emphasis placed upon real-life experiences whenever possible. It should offer a well-planned extracurricular program and adequate guidance so that each student may have the opportunity for maximum development. Adjustments of the school program to meet the needs of the students will be made when necessary. We believe that many of the responsibilities of the school are shared with the home and many worthwhile community organizations. We feel that the school supplements rather than replaces the home or other environments. We believe that
the education of young people is an important, essential task and that it requires the best coordinated efforts of the school, home, church, and community.

The United States flag will be displayed in each classroom of the school. The school will provide a daily opportunity for students to voluntarily recite the Pledge of Allegiance.

IX. SCHOOL RULES
1. Problems arise each year because students bring articles which are hazardous to the safety of others or interfere in some way with school procedure. All such items will not be permitted and will be impounded. Students face suspension for possession of such articles which include but are not limited to alcohol, dangerous weapons, illegal drugs or other such items that pose a threat or disruption to the student body.
2. Cleanliness is everyone’s concern. Waste receptacles are available and their use for waste is imperative to keeping our school a clean and safe place to learn.
3. Substitute teachers are important visitors in our school. Students are expected to be polite, helpful, and considerate. Inappropriate behavior towards a substitute teacher will not be tolerated and is grounds for disciplinary action.
4. Displays of affection are in some cases, in some places and under some conditions, normal and acceptable. Students will be expected to use their best judgment in their actions. Never will kissing, prolonged embraces, or any other actions that bring inappropriate notice to an individual be considered proper and permissible. If it is deemed offensive to others it will be addressed.
5. Each student is scheduled for a definite place during each period of the day and is expected to be in this place during the hours assigned. To be excused from an assigned place a student must have a properly executed pass. Students will not be given passes to an area where a teacher is not on duty.

7. No trash is to be left in the parking lot.

One of the responsibilities of school personnel is to maintain discipline. Discipline situations will be treated as learning experiences, and the rights of the students concerned are protected. A copy of the Act is on file in the administration office of each school and is available to students upon request.

Students are not allowed to sell food, drinks, candy, or any other items during the school day. Exceptions to this would be for any school sponsored club or team as part of a fundraiser, with pre-approval from the school administration.

**CELL PHONES/ELECTRONIC DEVICES**

Students are not permitted to use cell phones, electronic devices (MP3 players, iPods, Chromebooks, etc.) during passing periods, lunch time or any other time outside the classroom, without teacher or administrative permission. **Students in grades 6-8 will not be allowed to have their cell phones in the classroom without previous teacher or administration approval.** For students in grades 9-12, classroom cell phone policies will be at the discretion of each classroom teacher. ****IMPORTANT INFORMATION REGARDING CELL PHONES****

Students and parents, please be aware that the school corporation is legally responsible to report certain issues to the proper authorities. In the eyes of the law, possession and distribution of nude or sexual photos via a cell phone, in some cases, violates laws that protect against child pornography/exploitation. The phenomena known as “SEXTING” has become an issue in many schools, and our respective professional organizations have notified us of the obligation to inform you that such violation must be reported to the local police and in some circumstances students, if found guilty, may be required to be registered as sex offenders. Please speak with your children regarding this issue. Thank you.

**RIGHTS-RESPONSIBILITIES-REGULATIONS**

IC 20-33-8-14, enacted by the General Assembly of Indiana, outlines in detail the procedures to be followed when a student is disciplined by expulsion or suspension. So that the rights of the students concerned are protected, a copy of the Act is on file in the office of each Wes-Del Community School Building, and is available to students upon request.

The Wes-Del Community Schools hereby adopts the following statement relative to student conduct. Any violation of the following statement could result in suspension or expulsion of any student from Wes-Del Middle/High School.

**X. DISCIPLINE**

One of the responsibilities of school personnel is to maintain discipline. Discipline situations will be treated as learning experiences.
The only purpose of a discipline assignment is to correct unacceptable behavior. Although students may be given a choice of discipline, disciplinarians are free to offer the choices they feel will be most effective. Some possible choices are corporal punishment, suspension from class, lunch time detention, before or after school detention, suspension from school, In-School suspension, Saturday School, educational contract, expulsion, or loss of driving privileges. (IC 9-24-2)

IC 9-24-2-1 prohibits the Bureau of Motor Vehicles from issuing a driver’s license or permit to a student less than 18 who is under:

1. at least a second suspension from school for the school year
2. an expulsion from school; or considered habitually truant
3. withdrawal is not permitted to have license reinstated

The Bureau of Motor Vehicles is also required to invalidate a student’s license or permit for the same reasons.

REFERRALS

Referrals are official notifications of incidents of student misbehavior. Teachers use this form to notify administration of student misbehavior that the teacher has observed and tried to correct. Referrals require disciplinary action to attempt to correct student misbehavior or misconduct. Referrals become a part of the student’s school year record and are kept in the office. When it may become necessary to exclude a student from school because of continual disciplinary problems, the referral will be used to document due process of progressive disciplinary action. Parents are notified by mail or phone of referral notices and action taken.

CHEATING/PLAGIARISM

The work that students are responsible for during the course of study at Wes-Del is expected to be exclusively their own unless credit is appropriately given to the sources from which the information is taken. Cheating and plagiarism are serious academic offenses and are not to be taken lightly. The following actions will be taken in the event that either of these occurrences should take place. These disciplinary actions are cumulative over the course of the current school year.

1st offense: No credit for assignment, referral, parent contacted
2nd offense: No credit for assignment, referral, parent contacted, two (2) days In-School suspension
3rd offense: No credit for assignment, referral, parent contacted, three (3) days Out-of-School suspension & possible loss of credit for course

DRESS

It is our goal that Wes-Del Middle/High School to be a safe haven for students and that the culture of the school is positive. Throughout life many responsibilities dictate appropriate attire and appearance. In keeping with this concept, the staff of Wes-Del Middle/High School expects students’ appearance to meet standards of appropriateness, safety, and cleanliness. While the selection of clothing worn at school is primarily the responsibility of parents and students, the school administration reserves the right to make the final judgment concerning the appropriateness of the student’s attire and appearance. School attire should conform to the following general regulations that are not intended to be all inclusive:

1. Any type of attire which attracts undue attention to the wearer, and thus causes a disturbance in the school is in bad taste and not acceptable.
2. Students will wear footwear at all times. Slippers are not permitted.
3. Headgear is not to be worn during school hours. Wearing of hats (including ball caps, stocking hats, hoods, etc.) in the building during the school day will not be permitted.
4. Bare midriffs and bare shoulders are not allowed at any time. All shirts must have sleeves. Clothing which results in inappropriate exposure such as, but not limited to, that with low necklines, strapless, or of sheer design are unacceptable. Excessive openings in the back of tops is prohibited. No undergarment should be showing or worn as an outer garment (this includes boxer shorts). Pajamas are not permitted.
5. Jackets and coats are to be worn ONLY when entering and leaving the building, and are not to be taken to the classroom. It is suggested that students keep a sweater or sweatshirt in their locker for cooler temperatures.
6. Book bags are to be stored in lockers during the school day. Any bag large enough to hold a textbook must be kept in the student’s locker.
7. Shorts, skorts, skirts, and dresses must be no more than six (6) inches higher than the knee and not so tight fitting that it prevents the students from sitting in an appropriate manner. Slits in skirts and dresses must also not be more than six inches from the knee.
8. Clothing that has been cut, ripped, torn, or manufactured with holes is not permitted.
9. Sagging pants in which undergarments are clearly visible will not be accepted.
10. Clothing that has pictures, writing, etc. which promotes, suggests, advertises, or has double meanings relating to drugs, alcohol,
tobacco, or sex is not permitted.

11. Gang or secret organization paraphernalia or apparel is not permitted at school.

12. Any clothing, or other items considered by the school administration to be disruptive to the educational process will not be permitted.

If a teacher or administrator feels a dress code violation has occurred, the student will be addressed by an administrator or designee to change their clothing. The student may be issued a discipline consequence for multiple dress code violations. This policy does not reset at any time during the school year. Students who do not abide by the dress code will face the following consequences:

**1st Offense:** A warning is given and the student will be asked to change and sent home to do so if necessary. Class time missed will be unexcused.

**2nd Offense:** One (1) Tuesday/Thursday School assigned plus necessary attire changes.

**3rd Offense:** One (1) Saturday School assigned plus necessary attire changes.

**4th Offense:** One (1) day of In-School suspension plus necessary changes.

**5th Offense:** Out-of-School suspension plus necessary attire changes.

**6th Offense:** Priority School suspension assigned.

Due to the constantly changing variety of apparel styles and fashion, the administration has the authority to determine if a clothing item or accessory not specifically covered in this dress code is, in fact, appropriate for school attire.

**SEARCH AND SEIZURE**

The School Board recognizes that the privacy of our students or his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion.

A. As used in this section, “reasonable cause for search” means circumstances which would cause a reasonable person to believe that the search of a particular person, place or thing will lead to the discovery of:

1. Evidence of a violation of the student conduct standards contained in this handbook.
2. Anything which because of its presence presents an immediate danger to any person.

B. All lockers and other storage areas provided for student use on school premises remain the property of the school corporation and are provided for the use of the students subject to inspection, access for maintenance, and search pursuant to this section. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by or approved by the principal of the school in which the locker or storage area is located. Unapproved locks shall be removed and destroyed.

1. The principal or a member of the staff designated in writing by the principal may search a locker and its contents where the person conducting the search or the principal designating the person to search has reasonable cause for a search of the locker searched.
2. The principal, a member of the staff, or a teacher may search a desk or any other storage area on school premises other than a locker when the person conducting the search has reasonable cause for a search.

2. any object in the possession of the student such as a purse or briefcase; and or

At least one but not more than three additional persons of the same sex as the student being searched shall witness but not participate in the search. At the request of the student to be searched, an additional person of the same sex as the student designated by the student, and then reasonably available on school premises shall witness the search.

D. The privilege of bringing a student-operated motor vehicle onto the school premises is hereby conditioned on written consent by the student driver, the owner of the motor vehicle and the parent or guardian of the student to allow search of that motor vehicle when there is reasonable cause for a search of that motor vehicle. Refusal by a student, a parent or guardian, or the motor vehicle owner to provide or allow access to a motor vehicle on school premises at the time of a request to search the motor vehicle, shall be cause
for termination without further hearing of the privilege of bringing a motor vehicle onto school premises. The principal and/or his
designee designated in writing by the principal may request a law enforcement officer to search a motor vehicle on school premises,
subject to subsection G of this section.

E. Anything found in the course of a search conducted in accordance with this section which is evidence of a violation of the student
code of conduct standards in the student handbook may be:
   1. seized and admitted as evidence in any suspension or expulsion proceedings if it is tagged for identification at the time it is
      seized and kept in a secure place by the principal or the principal's designee until it is presented at the hearing

   3. destroyed if it has no significant value or,
   4. turned over to a law enforcement officer in accordance with subsection G of this section

   2. destroyed or,

G. The principal, or a member of the staff designated in writing by the principal, may request the assistance of a law enforce-
ment officer to:
   1. search any area of the school premises, any student, or any motor vehicle on school premises
   2. identify or dispose of anything found in the course of a search conducted in accordance with this section. Where law enforce-
      ment officers respond to such a request, no school employee shall assist or otherwise participate in any search conducted.

At no time will smoking, chewing of tobacco, the use of an E-Cigarette, or the use of any alternative tobacco product by students be
permitted. This includes on the school grounds immediately before or after school hours, anytime when the school is being used by a
school group, or off-school grounds at an educational function or event. Students are not permitted to bring tobacco to school. Having
a tobacco product shall be treated the same as using a tobacco product.
The following guidelines will be used when students do not follow this rule:
   1st offense: Three (3) days Out-of-School suspension
   2nd offense: Five (5) days Out-of-School suspension, report to YOC Priority School
   3rd offense: Possible expulsion and recommendation to YOC Expulsion School

Any student found using, selling, in possession of, receiving, or about to receive any drug, alcohol or controlled substance on school
grounds or at a school function (either on school grounds or away from school) may be expelled for the maximum time the law will allow.
For further details see “Grounds for Suspension/Expulsion.”
The Dog Interdiction Program has been implemented in order to ensure that Wes-Del Middle/High School is free of drugs and violence.
Dogs are used to sniff lockers and motor vehicles. Students and faculty are notified over the P.A. system when this program is in
progress. If any illegal items are located or are suspected, law enforcement officials, the student and parent/guardian shall be notified.

LUNCH DETENTION
An alternative to classroom detention, lunch detention allows a student to continue their education in the classroom, and then serve a
thirty (30) minute detention during their lunch period. Students will receive a school lunch or may bring their lunch, and they will report
to the lunch detention room for the thirty (30) minute lunch period. Students will return to class after the detention is served.

TUESDAY AND THURSDAY SCHOOL DETENTION
An alternative to classroom detention and lunch detention, Tuesday and Thursday School allows a student to continue their education
without interruption, and is afforded extra time to improve studies. Hopefully, this will be a learning experience for the student and one
that will encourage a positive change in behavior and academics.
The classroom teacher and/or school administrators will assign Tuesday and Thursday detentions. Letters home to parents of detained
students will explain all Tuesday and Thursday detention rules.
Additionally, any student who fails to report to Tuesday/Thursday School will receive the following consequences cumulative for the school year:

Hopefully, this will be a learning experience for the student and one that will encourage a positive change in behavior and academics.

Students must bring assignments and be prepared to study. The completed assignments will be returned to the teacher.

Saturday detentions will be assigned by the school administrators only. Letters home to parents of detained students will explain all Saturday detention rules.

**PRIORITY SCHOOL**

This program is designed for students who receive a second multiple day suspension from school of three (3) or more days. If a student receives a second multiple day suspension of three (3) or more days, and on any subsequent one, he/she will be assigned to spend the days of the suspension at the Priority School which will be located at the Youth Opportunity Center (YOC).

The work must be presented to the teacher immediately following the suspension in order to receive the credit. 2. Must notify in writing the superintendent (or designee) of his/her request to exclude or expel the student

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
   a. Legal counsel
   b. A member of the administrative staff who did not expel the student during the current school year and was involved in the events giving rise to the expulsion
2. An expulsion will not take place until the student and the student's parent are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure to request and to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the School Board.
3. The notice of the right to an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position. An attorney may not represent the student at the expulsion meeting, but the attorney may be available for consultation outside the meeting room during the course of the meeting.
5. If an expulsion meeting is held, the person conducting the expulsion meeting shall make a written summary of the evidence heard at the meeting, and may take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the School Board within ten (10) days of the receipt of notice of the action taken. The student or parent appeal to the School Board must be in writing. If an appeal is properly made, the Board must consider the appeal unless the Board votes not to hear the appeal. If the Board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of the school administration, the student and/or the student's parent. The Board will then take any action deemed appropriate.

GROUNDS FOR SUSPENSION/EXPULSION

The following types of student conduct shall constitute grounds for suspension/expulsion subject to procedural provisions set forth previously:

1. Engaging in any activity that is deemed as an interference to the school function.
2. Use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance or other comparable conduct, constituting an interference with school purposes, or urging other students to engage in such conduct, or possessing any firearm, explosive or other weapon. The following enumeration is illustrative of the type of conduct prohibited by this subparagraph:
   a. Occupying any school building, school grounds, or a part thereof with intent to deprive others of its use;
   b. Blocking the entrance or exits of any school building or corridor or room therein with the intent to deprive others of lawful entry to or from, or use of, the building or corridor or room;
   c. Setting fire to or substantially damaging any school building or corridor or room;
   d. Firing, displaying or threatening use of firearms, explosives, or other weapons on the school premises for any unlawful purpose;
   e. Prevention of or attempting to prevent by physical act the convening or continued functioning of any school or educational function or of any lawful meeting or assembly on school property; and
   f. Continuously and intentionally making noise or acting in any manner so as to interfere seriously with any teacher's ability to conduct the educational function under his/her supervision.

This subparagraph shall not, however, be construed to make any particular student conduct grounds for expulsion where such conduct is constitutionally protected as an exercise of free speech or assembly or otherwise under the Constitution of Indiana or the United States.

3. Causing or attempting to cause substantial damage to school property, stealing or attempting to steal school property of substantial
value, or repeated damage or theft involving school property of small value.

   b. On the school grounds at any other time when the school is being used by a school group
   c. Off the school grounds at an educational function or event sponsored by the school

Such objects shall not include school supplies or compasses, where they have reasonable use in connection with an educational function in which the student is engaged, but do include any firearm, any explosive including firecrackers, and knife, except where such items have reasonable use in connection with any such educational function.

9. It is a violation of the disciplinary code of Wes-Del Middle/High School to possess, provide to another person, or be under the influence of any substance which is or contains tobacco, alcohol, marijuana, a stimulant, an intoxicant, a narcotic, a depressant, or a hallucinogen whether prescription or sold over the counter (without a prescription) or any substance represented by the provider to be any of the listed substances.
   a. On school grounds at any time
   b. At any school sponsored activity at any location including the school bus

Use of medication by a student prescribed by a medical doctor, a dentist, or other health care provider authorized by law to prescribe medication for that student, does not violate this rule. Any student who is unsure if possession, use or providing another person with any particular medicine or substance would violate this rule should contact the principal (or designee) before possessing, using or providing the medication or substance.

10. Possess or provide to any person anything used or designed to be used primarily for the storage, processing, delivery or consumption of alcohol, marijuana, stimulants, intoxicants, narcotics, depressants or hallucinogens.

16. Any substance for which a student has a prescription or written permission from a parent allowing use, must be brought to the school nurse or designee in the health clinic and administered or taken there.

GROUNDS FOR EXCLUSION

Any student may be excluded from school in the following circumstances, subject to the procedural provisions of this chapter:

1. If he/she has a dangerous communicable disease transmittable through normal school contacts that poses a substantial threat to the health or safety of the school community.

2. If his/her immediate removal is necessary to restore order to protect persons on school corporation property. This shall include conduct off school property where on account thereof the student’s presence in school would constitute an interference with school purposes.

3. Where any student is mentally or physically unfit for school purposes subject, however, to the procedure set up under the provisions of IC 16-41-9-3, and to the limitations and regulations authorized to be established there under the State Board of Education.

BULLYING

In order to nurture a positive learning environment, students are taught basic skills that may include social skills, conflict resolution and character education as set forth in IC 20-33-8-13.5. Bullying/harassment as defined in IC 20-33-8-0.2 includes overt, repeated acts or gestures, including verbal or written communications transmitted; physical acts committed; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate or intimidate another student. This would include, but is not limited to, name calling, making threats and intimidation. Bullying and harassment are prohibited on school grounds, on the school bus, at the bus stop or any school sponsored activity. An investigation on a bullying accusation will follow as per the building policy.

Any student who believes that they are the target of bullying should inform a staff member as soon as reasonably possible. Students are encouraged to fill out bullying incident forms that are located in both middle and high school offices as well as in each guidance office. Forms should be turned in to the assistant principal's office. The form includes information regarding the bully, the target, where the incident(s) took place, the nature of the incident(s), any witness(es) to the incident(s) and any other pertinent information. The administration will investigate the alleged bullying and take appropriate action as warranted.

USE OF ISOLATED TIME OUTS AND RESTRAINTS

The School Board believes that maintaining an orderly, safe environment is conducive to learning and is an appropriate expectation of all school employees within the school corporation. The Board recognizes that there are times when it becomes necessary for employees to use reasonable restraint and/or isolated time out to protect a student from causing harm to themselves or to others.

Isolated time out and physical restraint used only as means of maintaining a safe and orderly environment for learning and only to the extent necessary to preserve the safety of students and others. Use of isolated time out or physical restraint may also be a component of a behavioral intervention plan (BIP) and/or an Individualized Education Program (IEP). If such is the case, the terms of the BIP or the IEP will control the use of these measures. Neither isolated time out nor physical restraint shall be used as a form of punishment or as a disciplinary measure.

Except in the case of emergency, only school employees who are current in the corporation-designated training program may implement physical restraints or isolated time outs with a student. An individual who applies physical restraint shall use only techniques which he or she has received such training within the preceding two (2) years, as indicated by written evidence or participation.

In the case of an emergency, physical restraints and/or isolated time outs should be used only when a student’s behavior poses an imminent threat of serious physical harm to the student or to other persons present or damage to school property.
This guide is to inform students and parents of various rules violations and their range of possible consequences. This is only a sample of possible violations. More information regarding student discipline can be found elsewhere in the student handbook. Consequences for each individual behavior are determined according to nature, severity of the infraction, and frequency of the misbehavior.

### XI. ATTENDANCE

Regular school attendance is necessary for children to have the opportunity to learn as much as possible. Although make-up work is available, it cannot replace instruction provided in the regular classroom. The tests that teachers give are intended only to sample the information provided in class. It is impossible for a student to miss school and still learn what he/she could if he/she were in attendance. It would be unfair to the student if the school corporation did not require regular attendance.

**PROCEDURES FOR ABSENCES**

1. If a student is absent, the parent or guardian must call the office to report the absence prior to 9:00 a.m. each day of an absence. It is the parent’s responsibility to report the absence.
2. Students reporting to school late must sign in with the HS office before reporting to class. Any student who is more than ten (10) minutes late to school will be counted absent unless excused by administration.
3. Students who miss more than five (5) unexcused days in any semester will be considered habitually truant and will be subject to:
   a. Loss of credit for the class or expulsion from school
   b. IC 9-24-2-1 (loss of driving privileges by the State of Indiana)
   c. Unexcused absence policy
4. Pre-arranged vacation will be counted on the five (5) day limit and may not be used to extend that limit
5. Absences Not Counting Towards the Five-Day Limit: Absences not counting towards the five-day limit shall be called certified absences. The following types of absences constitute absences that do not count as part of the five-day total allowed a student per semester:
   a. Doctor, dental, clinical or court appearance (the note must be from the doctor or from court personnel and include the student’s name, the date and time of the appointment).
b. Death in the immediate family.

c. Page in the State Legislature. *

d. Election worker. *

e. Other absences approved by the principal or his designee. *

f. In-School Suspension.

g. Out-of-School Suspension.

h. College visitations (one for juniors and two for seniors).*

i. A note from the parent/guardian stating the medical reason for the absence. The parent/guardian must call the school to verify the absence on the date of the absence, and the note must be sent with the student upon the student’s return to school. Students may have no more than five (5) excused absences with parent/guardian notes.

NOTE: In order for an absence to be certified, a written note must be turned in to the attendance secretary by 9:00 a.m. the day the student returns to school after the absence. After that time period certification will require administrative approval. College days require certification by a college official for approval.

*These absences require prior administrative approval.

These totals are cumulative per semester.

6. Make-Up Work

a. Excused absences – students will have the same number of days to make-up work which was missed

b. Unexcused absences – students may not make-up work assigned on a day that is unexcused

c. Unexcused absence (Over the Limit or OL) – the student will not be permitted to make-up work missed for credit.

(Permission – semester exams)

d. Long term assignments are due on a specific date whether absent or not. A letter grade will be deducted each day the assignment is late.

7. Attendance Communication from the School

a. Notification for excessive absences will be made using the following guidelines:

1. After four (4) absences in a semester a letter will be mailed to the parent, and the student will be called in for a conference.

8. Students who have excessive absences as defined in this section will be subject to school discipline. Excessive absences are considered to be over four (4) unexcused absences. The principal or his designee will periodically review student attendance throughout the semester. The principal or his designee will require students to make-up time missed due to uncertified absences in the following manner:

a. 4th unexcused absence in one semester – student conference held with contract being written on a referral

b. 5th unexcused absence in one semester – one (1) day In-School suspension assigned

c. 6th unexcused absence in one semester – three (3) days Out-of-School suspension assigned and parents given Priority School Warning information

d. 7th unexcused absence in one semester – five (5) days assigned to Priority School (Loss of extracurricular activities and participation)

e. 8th unexcused absence in one semester – ten (10) days assigned to Priority School with recommendation for expulsion school for the semester. Driver’s License Suspension per State Bureau of Motor Vehicles (Student’s driver’s license issuance will be withheld until age 18, or students current license will be suspended.)

PERMISSION TO LEAVE EARLY

Students requesting early dismissal must report to the office before classes begin and be place on the “Permission to Leave” list which is compiled with daily absence report. A note of explanation is required from the parent. Students must sign out in the office before leaving the building and should sign in if they return the same day. The permission to leave slip must be given to the teacher whose class they are in at the appointed time they are to leave. The student should use this early release slip to notify his/her teachers he/she will be leaving early and get assignments for the periods he/she will be absent from school.

TARDIES

Students who arrive late to class (but not more than ten (10) minutes late) will be assigned a tardy for that class period. Excessive tardies are considered to be over four (4) tardies and are subject to the following disciplinary action:

5th tardy: Discipline warning
6th tardy: Tuesday Detention
7th tardy: First Saturday School assigned
8th tardy: Second Saturday School assigned
9th tardy: One (1) day In-School suspension, iPad restriction
10th tardy: One (1) day Out-of-School suspension, iPad restriction
11th tardy: Two (2) days Out-of-School suspension, iPad restriction
12 or more: Discipline will be at the discretion of the school administration

Any student driver who accumulates more than five (5) tardies to 1st period or is considered a habitual offender may lose school driving privileges for up to one (1) full semester.

These totals are cumulative per nine weeks.

XII. GUIDANCE

NEW STUDENT ENROLLMENT

Students new to Wes-Del Community Schools, enrolling in Wes-Del Middle/High School for the first time MUST:

• Be accompanied by a parent or guardian
• Present a valid birth certificate
• Present proof of residency in the school corporation (Rent receipt or utility statement)
• If enrolling after the beginning of the school year, must present a withdrawal form from the former school

GRADING

It shall be each teacher’s responsibility to give, record and defend grades assigned. Within five (5) school days from the beginning of school or each grading period each student will be given, in writing, the requirements necessary to earn A, B, C, and D. Special projects, homework, tests, participation, weights, etc. should be included. A copy of these requirements will be submitted to the principal. Semester exams will be given for all students in grades 6 through 12 on the last day that each class meets for the semester. Each grading period grade and semester exam grade will be given a point value according to the following scale:

High School (Nine (9) week grading period)
1. Each grading period will count as 40% of the semester average.
2. Exams will be given at the end of each semester which will count towards 20% of the overall semester average.
3. All teachers will notify students of their grade at mid-term of each grading period.
4. Students who are absent one or both days of the semester exams must make-up the missed exam(s) on the first day following the regularly scheduled exams. Make-up exams will be administered in the high school media center on this date starting at 3:15 p.m. Students taking make-up exams must arrange for their own transportation. Exams cannot be taken early or during the regular school day without administrative permission. All students must complete the semester exams in order to receive credit for that semester.

Example of how to figure semester grade:

First grading period = A-
Second grading period = B
Semester exam = C

INCOMPLETE GRADES

Students with incomplete work at the end of a grading period will receive a grade of “I” in the respective class(es) until the work is completed. All grades must be brought up to current by mid-term of the next grading period or zeros (0) will be entered on these assignments and the student’s grade will be re-finalized.

WEIGHTED GRADING SYSTEM

1. Weighted course grades will apply to college-prep, Honors, Dual Credit, or Advanced Placement (AP) classes in grades nine (9) through twelve (12).

2. Weighted course grades will be utilized only for cumulative grade average and class rank. All class rankings including the determination of class valedictorian and class salutatorian will be based on eight (8) semesters of high school credit or a combination of (8) semesters of high school and college credit.

3. A four (4) point grading system will be utilized in implementing weighted course grades. (A+ = 4.0, F = 0)

4. .50 points will be added to college-prep and Honors classes.

   1.0 points will be added to Advanced Placement classes and Dual Credit classes.

   College courses taken while enrolled at Wes-Del will be weighted the same as Advanced Placement classes in determining class rank.

5. The letter grade a student actually receives will appear on the report card and permanent transcript.

6. The courses marked with an asterisk (*) on the course offerings list are weighted courses.

WES-DEL REQUIREMENTS FOR GRADUATION

The number of credits required to graduate from Wes-Del High School is 43 (Class of 2017 and beyond) for an Indiana Core 40 diploma. Students wishing to receive an Indiana Academic Honors Diploma will be required to earn 47 credits.
Any student wishing to drop a class during the semester without the permission of the principal may receive a W/F (withdraw/failure) on his/her permanent record.

Students transferring to Wes-Del will be considered on an individual basis as to the appropriate number of credits granted toward graduation.

Minimum Required for Graduation: 43 credits

+One Semester classes

*SPECIAL NOTE: Beginning with students who are part of the Class of 2016, students must take a math or quantitative reasoning course each year in high school.

All students must have at least the minimum number of credits to graduate in order to participate in Commencement.

Beginning with the 2010-2011 school year, Indiana requires, with certain exceptions, a student to complete the Core 40 curriculum in order to graduate from high school. (IC 20-32-4-1; IC 20-12-1) All Wes-Del students will be required to pass a Graduating Qualifying Exam or End of Course Assessment for English 10 and Algebra I prior to graduation.

REQUIREMENTS FOR CONSIDERATION FOR VALEDICTORIAN/SALUTATORIAN

Wes-Del High School has a strong and rich academic tradition. It is with great pride and hard work that students strive to be named either valedictorian or salutatorian of their class. Additionally because of the increase in transfer students, Wes-Del will require that students must be enrolled at Wes-Del a minimum of four (4) consecutive semesters in order to be considered for either valedictorian or salutatorian.

HIGH SCHOOL CREDIT FOR 8TH GRADE ALGEBRA

Wes-Del Middle/High School will allow 8th grade students the opportunity to take Algebra on a teacher recommended basis. Since this Algebra class is taught with the same standards as the high school course, students may earn two (2) credits in this class. In order for a student to earn credit for 8th grade Algebra, they must earn a semester average grade of “C-” or above for both semesters. Any student earning a grade lower than a “C-” for either semester must retake Algebra I in high school.

DIPLOMAS

Wes-Del High School, in accordance with the Indiana Department of Education requirements, will offer the following graduation diplomas. Requirements for each of these diplomas are outlined in the official Wes-Del High School Course Description Booklet.

Diploma Types
- Core 40
- Core 40 with Technical Honors
- Core 40 with Academic Honors
- General Diploma

TRANSFER TO ANOTHER SCHOOL

If a student plans to transfer to another school, he/she along with a parent or guardian shall report to the appropriate counselor to begin withdrawal procedure.
NOTIFICATION TO PARENTS REGARDING STUDENT RECORDS

Each student's records will be kept in a confidential file located in the guidance office. The information in a student's record file will be available for review only by the parents or legal guardian of a student, adult student (eighteen (18) years of age or older), and those authorized by Federal law and Corporation regulations.

The school corporation shall provide public notice to students and their parents of its intent to make available, upon request, certain information known as “directory information”. The school corporation Policy 8330 designates as student “directory information”: a student’s name; major field of study; participation in officially recognized activities and sports; height and weight (if a member of an athletic team); dates of attendance; date of graduation; awards received; student work; photographs both individual and group; listing on an honor roll; or scholarships.

Student work will be identified by the student's first name only on electronic media or the internet. Printed student work may be identified by the student's first and last name.

Directory information shall not be provided to any organization for profit-making purposes. The school corporation may allow access to a school campus or give students' directory information to organizations that make students aware of educational or occupational options.

The school corporation is required to give recruiting representatives of the U.S. Armed Services and Indiana Air, Army National Guard and service academies of the armed forces of the United States or an institution of higher education access to high school campus and student directory information (student's name, address, and listed or published telephone number) when requested to do so. A secondary school student or parent of the student may request that the student’s name, address and telephone listing not be released without prior parental consent.

The school corporation is required to notify the parent and student that either one may request that the information not be released by the school corporation to the military recruiting representatives. The notification is to include the process necessary to complete this requirement. The parent or student must make the request in writing at the end of the student’s sophomore year in high school. This is a one-time opt-out opportunity. If the student opts-out in his/her sophomore year and later changes his/her mind a revocation may be made.

Parents and adult students may refuse to allow the school corporation to disclose any or all such “directory information” upon written notification no later than September 1st of each school year or within ten (10) days after receipt of the annual public notice.

TRANSCRIPT REQUESTS

A student must request in writing that a transcript of his school records be sent to a college, vocational school, place of employment, or other interest.

Students and their families will have access to personal school records, and the privacy of such records in accordance with P.L. 93-380.

Transfer of records from one educational institution to another where a family is moving or to a college will be mailed upon request to that educational institution without consent of student or parent/guardian.

WES-DEL HIGH SCHOOL BOOK RENTAL POLICY

Textbooks are distributed on a rental basis. The rental price is estimated on usual wear and replacement. Students using rental books should exercise great care so that the least possible damage or loss may occur. The student is held responsible for unnecessary marking, damage and loss of rental books. Ordinary wear only is expected. When a book becomes torn or in need of repair, it should be brought to the attention of the teacher.

XIII. SPECIAL EDUCATION

The American’s with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but all individuals who have access to the Corporation's programs and facilities.
XIV. CLINIC

Students will be admitted to the clinic if they have a fever and only as long as required for parents to come and pick them up. Exceptions will be made for those students who have on file with the school nurse a medical condition that requires treatment.

ILLNESS AT SCHOOL

Students becoming ill during the school day should report to the office immediately. Ample and proper facilities and personnel are available there for all cases of injury or illness. Students will never be permitted to go home without proper authorization from the office.

MEDICATION

We prefer not to administer medication; however, if it is necessary the following guidelines must be observed:

1. The medication must be in a prescription bottle from a doctor or druggist.
2. The bottle must be labeled with the child’s name and correct dosage.
3. It will be kept in a safe place in the clinic.
4. The office personnel will supervise the taking of the medication.
5. A note from the parent must accompany the medication stating the type of medication and the reason for medication. If a student must take a non-prescription drug, the drug must be in its original bottle with a note from the parent indicating dosage.
6. The school will not administer any drug (including cough drops) without parent permission.
7. The school will permit students with acute medical conditions to possess and self-administer medication with written permission of the physician and parent.
8. All medication stored at the school will not be released to a student unless they are in grades 9-12. Medication for grades 6-8 may be released to the student at the parent’s request.
9. At no time should any student dispense any medication, either prescription or over the counter (including such items as ibuprofen, Tylenol, cough medicines, etc.), to another student during the school day or during any school activity.

IMMUNIZATION REQUIREMENTS

When a child enrolls at Wes-Del Middle School, the parent must show either that the child has been immunized or that a current religious or medical objection is on file. Parent(s) are required to provide the school with complete immunization records prior to the beginning of the school year. No child shall be permitted to attend school beyond the first day of school without furnishing this information.

Following are the minimum immunization requirements:

- Four (4) to Five (5) doses of diphtheria-tetanus-pertussis
- Three (3) to Four (4) doses of trivalent oral polio vaccine
- Two (2) doses of MMR vaccine
- Two (2) doses of Varicella vaccine+
- One (1) dose of Tdap vaccine
- Two (2) doses of Meningococcal vaccine (for children in grade twelve (12))
- One (1) dose of Meningococcal vaccine (for children in grades six (6) to twelve (12)).

HEALTH SCREENINGS

Annual screening programs are a vital component of the student health assessment. These screenings help identify students that may need further evaluation. A positive finding does NOT constitute a diagnosis, but does indicate the need for further evaluation. Only a physician can make a diagnosis. The screenings include but are not limited to the following: vision, hearing, scoliosis, dental, blood pressure, heights, and weights. These screenings are required to be done by the school according to Indiana State Law. Due to the fact that the screenings are mandatory permission slips are not required.

THE SCHOOL MUST BE NOTIFIED IMMEDIATELY IN WRITING IF PARENTS DO NOT WISH THEIR CHILDREN TO BE SCREENED.

XV. TRANSPORTATION

REGULATIONS FOR STUDENTS RIDING SCHOOL BUSES

1. Students shall obey the driver promptly. It is the responsibility of each student to aid and assist the driver in safe practices of transportation.
2. When walking to bus stops, students shall walk on the left facing oncoming traffic where there are no sidewalks.
3. When awaiting the bus, students shall stand back away from the road until the bus is completely stopped.
4. When students must wait on the opposite side of the road from the boarding side of the bus, they shall wait until the bus stops and the driver checks both the oncoming and following traffic to see that it has stopped. Students shall wait for the driver’s signal before
crossing the road.

5. When getting off the bus, students shall check traffic in both directions before crossing the road.
6. Students can help keep the bus on schedule by being on time at their assigned stations.
7. Students will wait until the bus is completely stopped and the door opened by the driver before entering or leaving the bus.

Any student driving to school must obtain a parking permit from the office during the first week of school. The cost is $5.00 per year. Each student is expected to have his/her hang tag visible. Illegally parked or unregistered student vehicles may be towed.

Those properly licensed and registered students whose driving habits evidence sufficient maturity will be allowed to drive to school subject to the following rules.
1. Driving from school grounds during school hours is not permitted unless permission is granted through the school office.
2. Student drivers with a chronic record of tardies or absences may lose driving privilege.
3. Sitting in cars during school hours is not permitted.

9. Students who drive or ride in a motor vehicle to school must leave the car and come into the building immediately after parking the vehicle.
10. Individuals and vehicles must be licensed as required by law.

15. All students are to park in the south lot adjacent to the high school gym. Students are NOT to park in front of the high school canopy or in the back lot by the middle school entrance. Students are also not to park inside the gated area near the athletic fields. Any student seen parking in restricted areas may lose driving privileges for a minimum of one (1) week for each occurrence. Students must park straight within the available spaces. Vehicles are not to be parked outside the lines.

16. Students arriving to school after 15 minutes after the beginning of school or returning to school during the school day must park in the back row of the visitor parking lot in the front of the building.

Driving related violations on school property or at school functions that are held away from school property will be dealt with as follows:

1st violation: Loss of driving privileges for five (5) consecutive school days

2nd violation: Loss of driving privileges for twenty (20) consecutive days

3rd violation: Loss of driving privileges for remainder of the semester

XVI. USEFUL INFORMATION

ACCEPTABLE USE POLICY FOR TECHNOLOGY AND THE INTERNET

Wes-Del Community Schools believes that students need access to technology and the Internet. When students act in a responsible, courteous, and legal manner regarding that access then they support the district’s mission, goals, and student initiatives. The mission of Wes-Del Community School’s digital learning initiative is to use technology effectively to increase student engagement thereby increasing student achievement in all areas. All students will be immersed in a technology rich environment, which motivates, engages, and challenges students to learn the 21st-century skills and digital citizenship required in today’s world.

The Board of School Trustees of Wes-Del Community Schools recognizes the importance of technology education and computer access in preparing students. While the district's intent is to make Internet access available in order to further educational goals and objectives, not all information that can be accessed from external networks is appropriate to the education of our students; consequently, administration shall develop an agreement for the use of external networks which shall specify guidelines to help ensure appropriate utilization by students and staff members. Additionally, it is the intention of this policy to have student Internet activities monitored by the school corporation to ensure students are not accessing inappropriate websites. Each school corporation device with Internet access, and available to students, will have a filtering device or software that makes our best effort to block and/or monitor access to visual depictions that are obscene, pornographic, inappropriate for students, or harmful to minors. All staff members and students will be expected to sign the agreement before using an external network. The provision of this policy and the content of the accompanying exhibit are subordinate to local, state, and federal statute. Wes-Del Community Schools firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with educational goals of the district.

Device Acceptable Use

A specific device will be assigned to each student participating in the Wes-Del Community Schools digital learning initiative. Each student has a responsibility to maintain their device in good working condition for the duration of their involvement in initiative.

- **Usage:** Devices are provided to students to assist student learning at school and at home. The device should be used in a manner that achieves this goal. The device must be returned to the technology department at the conclusion of each school year for maintenance. The same device will be reissued to the student at the beginning of the following school year.

- **Storage and Transport at Home and School:** The device is to remain in its provided protective case and should never be removed. The device should be stored in a safe place where the student can monitor it and away from areas of excessive heat. The device should not be carried around while the screen is open. When in use the device should be placed in a secure, safe position on a flat surface.

- **Battery/Charging:** It is the student’s responsibility to ensure their device battery is fully charged each night. One power adapter will be issued with each device. Care should be taken when plugging in and removing the cord to avoid damage. If damage to the power adapter occurs, a replacement power adapter must be purchased from the Wes-Del technology department at the cost of $25. ONLY power adapters supplied by the Wes-Del technology department are to be used. The use of non-Wes-Del supplied power adapters is considered willful damage.
• **Cleaning and Care Responsibility**: It is the student’s responsibility to ensure their device is kept clean. The device can be kept clean by regularly wiping down the outside case with a damp (not wet) cloth. Students are not to deface the device by adhering anything to any part of the device. Devices will be checked regularly by staff.

• **Backing Up**: Students must make regular backups of their work. Backups should be done at home or on a portable storage device, such as a USB thumb drive or portable hard drive. Loss of data will not be an immediate excuse for late submission of assignment and other work. Space is provided by the school via Google Drive for students to store data. Nonetheless, it remains the student’s responsibility to ensure that all important data is backed up and saved in multiple locations in the case of computer failure or damage to the device.

• **Other Usage**: Devices are not to be used by other students or family members except for the parent or caregiver when assisting with school work.

• **Food & Beverages**: Students are not permitted to eat or drink while using devices.

**Unacceptable Use**

• **Inappropriate Usage**: Students must not use the device inappropriately or tamper with the device, software applications and operating system. Inappropriate usage includes (but is not limited to):
  - Deleting any software included in the initial Wes-Del Community Schools’ build
  - Installing additional software that impacts on the performance of the machine as a learning tool
  - Changing any programming code (excluding the allowed configuration settings)
  - Modifying, removing, damaging or installing any inappropriate hardware components
  - Adding applications or code that modifies or circumvents the intended purpose of an installed application
  - Engaging in any activity that has the potential to compromise the security of the Wes-Del network infrastructure
  - Connecting to any non-Wes-Del network or Internet device while at school
  - Wasting school resources through improper use of the district’s technology resources, including sending spam
  - Sending, posting, or possessing materials that are abusive, obscene, pornographic, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal, including cyberbullying and “sexting.”
  - Using inappropriate language such as swear words, vulgarity, ethnic or racial slurs, and any other inflammatory language

• **Inappropriate Material**: Students are responsible for determining the appropriateness of material in accordance with Wes-Del Community School’s policies. Inappropriate material should neither be stored nor installed on the provided device. Material that is deemed inappropriate by Wes-Del Community Schools’ includes (but is not limited to):
  - Material that infringes copyright laws, such as illegal or unlicensed software and pirated music or videos
  - Offensive documents
  - Inappropriate or offensive images
  - Any content not suitable for viewing, publication and/or distribution to persons under the age of 18

• **Cyber Bullying**: If the student believes they have received a computer virus or spam (unsolicited email), or if they have received a message that is inappropriate or makes them feel uncomfortable, they must inform their parent/guardian or supervising teacher as soon as is possible. Students must seek advice if another user, internal or external to Wes-Del Community Schools’ seeks personal information, asks to be telephoned, offers gifts by email or asks to meet a student. Students must never initiate or knowingly forward emails or other messages containing:
  - A message sent to them in confidence
  - A computer virus or attachment that is capable of damaging the recipient’s computer
  - Chain letters or hoax emails
  - Spam (e.g. unsolicited advertising)
  - Inappropriate material

• **Commitment to Privacy**: Students accessing Wes-Del provided devices must comply with the following privacy policies:
  - Students will never publish or disclose the email address of a staff member or student without that person’s explicit permission
  - Students will not reveal personal information including names, addresses, photographs, credit card details or telephone numbers of themselves or others
  - Students must ensure that privacy and confidentiality is maintained by not disclosing or using any information in a way that is contrary to any individual’s interest.
• **Intellectual Property and Copyright:** Students must observe copyright laws and avoid plagiarism by acknowledging the original author or source of any information used. Students will ensure that permission is gained before electronically publishing other people's works. Material published by a student on the Internet or intranet must have the approval of the Principal or their delegate and have appropriate copyright clearance.

• **Misuse and Breaches of Acceptable Usage:** Students will be held responsible for their actions while using their Wes-Del provided device. Students will be held responsible for any breaches caused by allowing any other person to use their device or account to access Internet and online communication services. The misuse of the device or Internet and online communication services may result in disciplinary action including, but is not limited to, the withdrawal of access to services or usage of the device.

**Device Applications**

**Applications Loaded on the Device**
The Wes-Del provided device is preloaded with the Wes-Del Schools’ Managed Operating Environment. There are a number of components that make up this operating environment. Applications are one of these components.

**Removing or Disabling School Installed Software**
The software installed on the provided device is licensed to Wes-Del Community Schools and has been installed for either subject specific use or for the safe management of the device. Students are not allowed to delete or disable from running any pre-installed software without prior written consent from the school. Devices will be periodically audited by the technology department and students found to be in breach of this policy will be at risk of losing their access to the device. Continued misuse may result in disciplinary action which includes, but is not limited to, the withdrawal of access to the digital learning initiative.

**Lost or Stolen Device Process**

**How to report my device as Lost or Stolen**
If your Wes-Del provided device is lost or stolen, it is important that you note the following.

- You will need to report the incident to the police and ensure you have the following:
  - Your device Incident Report
  - Police crime number
  - Statutory declaration
- As the device belongs to Wes-Del Community Schools, you will need to inform the school and provide the details when informing the school of the incident.
- The school will then inform the technology department of the incident and initiate the recovery procedure via the built-in protection software.

**Associated Costs**
If the device cannot be recovered, an invoice for the full replacement cost of the device will be issued.

Examples of theft would be:
- Where a device is taken in a house or vehicle burglary.
- Where a device is left in a school bag and the school bag is taken.

Examples of Loss would be:
- The student has left their device at the bus stop and the device is gone when the student returns.
- The device was misplaced at the student’s home and cannot be located.

**Damaged Device Process**

**Overview**
There is an expectation that students will be responsible and take care of their Wes-Del provided device.

**Repair**
Under NO circumstances should device be taken by parents or students to outside service providers for repair. All repairs must be done through Wes-Del Community Schools. Only Wes-Del technology staff employees are authorized to approve off site repairs.

There will be a charge of $10 per incident for all accidental, willful, or malicious damage repairs.

**What is accidental damage?**
Accidental damage occurs where the device is damaged as the result of an unexpected and non-deliberate external action. For example, a student trips dropping the device and resulting in damage to the device.

**What is willful or malicious damage?**

Deliberate damage occurs where a reasonable person could expect that their action will cause damage to the device but completes the action anyway. For example, a student forces a foreign object into the USB port.

**How to report my device as damaged**

If your Wes-Del provided device becomes damaged the Wes-Del technology department must be immediately informed so repairs can be made and device usage can be optimized. Failure to notify the technology department of damages can cause further damage and delay the device repair time. If a student repeatedly requires their device to be repaired due to willful, malicious, or accidental damage this may result in disciplinary action which includes, but is not limited to, the withdrawal of access to services or usage of the device.

**LOCKERS**

Each student will be assigned a locker. Use only the locker assigned to you, and keep it locked at all times. All personal items and books, when not in use, are to be kept in lockers. Report any locker problems to the office. Combinations are changed annually.

All lockers made available for student use on the school premises are property of the school corporation. The student’s use of the locker does not diminish the school corporation’s ownership or control of the locker. The school corporation retains the right to inspect the locker and its contents to insure the locker being used in accordance with its intended purpose, and to eliminate fire or other hazards, maintain sanitary conditions, attempt to locate lost or stolen material and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs or alcohol. WORK PERMIT REQUIREMENTS
All students ages 14, 15, 16, and 17 who are planning to work during the school year are required by law to obtain a work permit through the Wes-Del Guidance office. To obtain a work permit the student must obtain an “Intent to Employ” card from the prospective employer or the guidance office. The “Intent to Employ” card must be completed by the hiring employer with needed information regarding the job. The student then takes the “Intent to Employ” card and a valid birth certificate to the guidance office where the work permit will be issued. The issuing officer for the school corporation may under state law revoke a work permit if the student’s grade average goes down to an unacceptable level. This means that students’ grades will be monitored during the school year and if the grade average falls to a substandard level, the work permit may be taken away and the student will be forced to give up his/her job. Once the work permit has been revoked, students will not be issued another permit until such time as the grade average improves to an acceptable level.

ATHLETIC COUNCIL

The athletic program at Wes-Del Middle/High School will be administered by the Athletic Council. The Council will consist of the principal, assistant principal, athletic director, and the varsity coaching staff.

ATHLETIC PHILOSOPHY

It is the sincere desire of the Athletic Council of Wes-Del Middle/High School that athletics be an enjoyable, gratifying, and rewarding experience. Participation in athletics will be a major part of the total educational experience for any student. The spirit of fair play and the will to win are valuable assets toward the development of an individual. A sound athletic program teaches the participant the value of cooperation as well as the spirit of competition. The athlete learns how to work with others for the achievement of group goals and the understanding that individual needs may be shared by a group effort.

ATHLETE’S RESPONSIBILITIES

1. Adhere to policies established by the Indiana High School Athletic Association.
2. Display high standards of social behavior and refrain from use of alcohol, drugs and tobacco.
3. Promote outstanding sportsmanship.
4. Be respectful of administrators, teachers, coaches, officials, opponents, and teammates.
5. Dress with special care when attending a contest. Keep yourself neat and clean.
6. Use socially acceptable language. Profanity and obscene gestures will not be tolerated.
7. When outside of school, strive to uphold a higher image of the Wes-Del athlete in the community.

ATHLETIC CODE OF CONDUCT

Student-athletes are subject to the following guidelines while participating in middle school and high school athletics at Wes-Del Middle/High School. For the purposes of this policy any infractions occurring in middle school will not be considered when the student-athlete progresses to high school athletics.

Any student-athlete acting in a manner unbecoming of a Wes-Del athlete will be subject to appropriate disciplinary consequences from the coaching staff and/or the school administration. The athlete and his/her parents will meet with the principal, athletic director, varsity head coach and any assistant coach deemed necessary within 72 hours of any instance which brings discredit upon Wes-Del Middle/High School.
Each infraction will be dealt with on an individual basis to determine if any further penalties should be imposed. Past behavior in athletics and in school will be factors in determining the course of action with each respective student-athlete.

Any student-athlete who is ejected from a contest due to personal unsportsmanlike conduct will be removed from a minimum of one additional contest per IHSAA regulations. The administration reserves the right to consider prior unsportsmanlike conduct penalties before determining the actual number of games of the suspension.

A student-athlete ejected from a second contest during the same academic year will be removed from participation for 25% of his/her season. This penalty will carry-over to the next sports season the athlete participates in if less than 25% of the season remains when a second infraction occurs.

A student-athlete who is ejected from a third contest in the same academic year will become ineligible for athletic participation for 365 days from date of the infraction.

A student-athlete ejected from a second contest in a separate academic year during his/her middle or high school athletic career will be removed from athletic participation for 10% of his/her season.

A student-athlete ejected from a third contest in a separate academic year during his/her middle or high school athletic career will be removed from participation for the remainder of that particular season. Ejection from the last contest of the season will result in being removed from participation in the next sports season the athlete has played in the past.

A fourth ejection from a contest will result in the student athlete being banned from athletic participation for the remainder of his/her middle or high school athletic career.

Athletes may not serve a suspension in a sport in which they have not participated in previously in order to avoid missing time in a sport they have played in the past.

Ejection from games resulting in the athlete not being able to complete a season will be interpreted as the athlete not finishing in good standing with the athletic department making the athlete ineligible for any type of awards at the end of the season.

Following any ejection the athlete and his/her parents will meet with the principal, athletic director, varsity head coach and any assistant coach who may have been coaching in a sub-varsity contest within 72 hours of the infraction.

It is to be understood that unsportsmanlike behavior will not be tolerated at Wes-Del Middle/High School by athletes, students, coaches, or fans.

The following policy will apply for fans/parents who are ejected from a contest by a contest official.

1st ejection: Suspended from the next athletic contest.
   Complete two (2) National Federation of High School Sports (NFHS) courses. The courses to be completed are Sportsmanship and Positive Sport Parenting.
   Depending on the severity of the incident, any further punishment will be at the discretion of the Wes-Del administration.

2nd ejection: Minimum of one (1) year ban to ALL athletic contests and events.
   Depending on incident, any further punishment will be at the discretion of the Wes-Del administration.

3rd ejection: Permanent ban from ALL athletic contests and events.
   And/or any other action deemed necessary by the Wes-Del administration.

ATHLETIC ELIGIBILITY

In order to represent Wes-Del Middle/High School in any interscholastic contest or practice, an athlete must meet all eligibility requirements of the IHSAA and Wes-Del Middle/High School.

1. Rule C-4-1 AGE
   A student who is or shall be twenty (20) years of age prior to or on the scheduled date of the IHSAA state finals in a sport shall be ineligible for athletic competition in that sport; a student who is nineteen (19) years of age on the scheduled date of the IHSAA state finals in a sport shall be eligible as to age for interschool competition in that sport.

2. Athletes must have received passing grades at the end of their last nine (9) week grading period in school (semester grades take precedence) in at least five (5) solid subjects. Eligibility commences and expires with the distribution of grade cards. Athletes who are academically ineligible may not participate in authorized contests. They may, at the discretion of the individual coach, participate in practices. They may practice if the following criteria are met.
   a. The eligible player must miss the first three (3) practices after grades are released.
   b. On the first day after the three (3) practices are missed, it is the player’s responsibility to pick up an eligibility slip from the athletic office and obtain verification from each of his teachers that they are passing at least five (5) solid subjects. If he/she is passing, this will allow him/her to practice until the next Friday when the procedure is repeated. This process continues until the next
If at any time the player is not passing five (5) solid subjects when the eligibility slip is turned in to the athletic office, or the player fails to collect the signatures from his/her teachers, he/she will not be eligible to practice for the following week.

d. In the case of fall sports, since practice starts well before the start of school, the athlete will be permitted to practice until the first Friday after school starts. He/she then must give his/her first eligibility slip to teachers. He/she must be passing in at least five (5) solid subjects to continue to practice.

3. All athletes must have a Student-Parent-Physicians certificate (physical form) on file in the athletic director’s office for the current school year before participating in an organized practice. The athlete is ineligible until that time. The physical exam by a physician must be given after April 1st and the athlete’s first practice.

4. If an athlete quits a sport, he/she may not participate in another sport until that sport season is complete. Also, an athlete may not join a team after the start of the contest season in that sport unless the athlete is a move-in to our district. An athlete may change sports during the practice season only with the mutual consent of the coaches.

5. An athlete must be an active participant in ten (10) days of practice sessions before he/she may compete in an authorized contest.

6. After an athlete has missed five (5) or more consecutive practices due to illness or injury, he/she must provide a physician’s release form before he/she may continue with practices or contests. (See IHSAA Rule C-9-14)

ATHLETIC PARTICIPATION

Athletic participation at Wes-Del Middle/High School means that an athlete will have the opportunity to practice and try-out for an athletic team. If an athlete is part of an athletic team, he/she will have the opportunity to practice and participate as a member of a team. It does not mean that every athlete will play the same amount of time or that the athlete will play at all during contests. It simply means that the athlete will have a chance to be part of a team and do whatever is necessary to help his/her team be successful.

TRAINING RULES

Training rules are a matter of self-discipline. The best performance the individual is capable of producing comes only when that individual is willing to sacrifice his/her daily habits during his/her lifetime.

The following are the minimum training standards to be followed by all athletes at Wes-Del Middle/High School. This includes all persons connected with the various teams: cheerleaders, managers, statisticians, etc.

1. Using and/or having possession of alcoholic beverages, tobacco (in any form), or drugs (in any form) is regarded as a detrimental habit for all persons, not just athletes. Use of these substances will not be tolerated. We hope that by putting restrictions on the use and/or possession of these products, habits established here will be a positive learning experience that may have a carry-over value in one’s life after school.

2. If an athlete is present at a party or gathering of people where alcohol, tobacco, or illegal drugs are being used or school rules and/or municipal laws are being violated, he/she is to leave immediately, otherwise he/she may be found guilty by association.

If an athlete is found with, or seen using any of the above contraband the following policy will apply:

a. The first violation will result in a suspension from 25% of the contests in your sport. The suspension will begin with the first contest after the athlete was turned in and/or found to be guilty. If the suspension cannot be served in the remaining games of a season, the suspension will carry-over to the next sport season. If the athlete is not involved in a sport the next sport season, the suspension will carry-over until the athlete competes again.

b. The second violation will result in a one (1) calendar year suspension from all athletics beginning the day the athlete was turned in and/or found to be guilty.

c. The third violation will result in a permanent suspension from athletics for the remainder of the athlete’s middle or high school athletic career.

d. If the first violation occurs while the athlete is out of his/her sport season, the suspension period will begin on the first contest date of the athlete’s next sport season. The 25% rule will be in effect.

The cause of suspension for all of the above listed offenses will be established by members of the Athletic Council, members of the faculty, staff and administration, parents (of the athlete), or by admission of the athlete.

It is important to understand that these are only Athletic Department minimum suspensions. Coaches may have even stricter rules and policies. These rules will be on file in the athletic director’s office and will be distributed to the athletes.

3. If an athlete is found to be selling drugs, he/she will be immediately dropped from the athletic program for one (1) calendar year.

4. Athletes who are suspended for a violation of athletic or school rules shall not be permitted to dress as a member of a team at an athletic contest. Coaches may require that suspended players travel with and sit with the team at athletic events. The athlete will be
allowed to practice at the discretion of the coach and depending on the severity of the suspension.

5. Since the captain or co-captain of a team is expected to lead by example, the suspension of a captain or co-captain will result in the relinquishing of that position for the remainder of the sport season and the forfeiture of any awards given for that position. The Athletic Council strongly recommends that all athletes who have been suspended for a violation of the training rules seek appropriate counseling during their suspension.

STATEMENT ON THE USE OF SUPPLEMENTS
Wes-Del Middle/High School does not condone or promote the use of supplements to aid the body in weight gain, weight loss, gain of muscle mass or endurance. Studies on the use of these substances, especially natural or artificial Creatine, are inconclusive as to the short and long term effects of these supplements.

LENGTH OF SEASON
The sport season starts with the first day of practice and officially ends after the Awards Night Program for the sport season. (In the event that this results in an overlap of seasons--fall/winter or winter/spring--points earned in the overlapped season will be counted toward a jacket, even if not defended, if those points result in a jacket being earned by the athlete). An athlete who misses an awards program without pre-approved permission, by the athletic director, will forfeit any special award for that sport season. This includes award plaques, jackets and blankets.

EQUIPMENT
The athlete is responsible for all the equipment issued to him/her. The athlete must pay for any issued equipment that is lost or damaged.

UNIFORMS
Athletic uniforms will be laundered and kept at school for the purpose of maintaining the same appearance and to assure proper care. Student managers will be instructed on the proper care and laundry procedure.

INSURANCE
Each athlete is responsible for his/her own insurance coverage. If an athlete does not have coverage, he/she must purchase the school insurance that is provided. An athlete will not be allowed to participate in contests or practice sessions without valid health insurance. The school corporation does not hold accident insurance on student-athletes. Competitive sports have inherent risks and dangers and it is with this knowledge that students and parents assume certain risks will be involved. At any point during a season an athlete is hurt while participating, school personnel will fill out a Board approved accident report but this in no way proves liability for the school to pay for costs incurred by said injury.

TRANSPORTATION
All athletes practicing or attending contests at locations other than Wes-Del Middle/High School will be transported in a bus or van approved by the school. Athletes are expected to utilize this transportation to and from Wes-Del Middle/High School.

ATHLETIC OFF-SEASON/CLUB SPORT PARTICIPATION
Many student athletes choose to participate in a club or off-season sport at the same time that they are a member of a Wes-Del in-season IHSAA sanctioned team. This is an individual decision made by the athlete and their parent(s) and can be a positive experience for the athlete. However, if an athlete chooses to do this, no contest may be missed to participate in the club sport. Coaches are expected to report such absences to the Athletic Office and to hold the athlete accountable.

DUE PROCESS PROCEDURES
All athletes that have been disciplined have the right to appeal their case. It is the genuine hope of the Athletic Council that all problems can be resolved at the lowest possible level. If that is not the situation, the case could be appealed to the Athletic Council. The Athletic Council would review the case and make a recommendation to the principal. The decision of the principal to support or reject the recommendation could be appealed to the Superintendent. The decision of the Superintendent could be appealed to the Board of School Trustees.

ATTENDANCE
An athlete must be in attendance a minimum of ½ day (4 periods); otherwise, the athlete is ineligible for practice or contest that same day. An athlete who has been suspended from school is ineligible for practice or contest during the period of the suspension. An athlete who is serving a Saturday School Detention may participate in a practice or contest at the conclusion of Saturday School. An athlete may not reschedule or miss a detention session in order to practice or compete.

The coaching staff of each individual sport must give a minimum of one (1) award plaque. The staff of each sport will decide the levels and honors for which each plaque will be given.

DISTRIBUTION OF AWARDS
Each individual who earns a minor in any sport will receive a certificate of participation. Each individual who earns a major award in any sport will receive a certificate of honor. All high school awards will be distributed at the Sports Awards Program for that season. All high school awards will be distributed at an honors program at the conclusion of the school year.

All awards granted to individuals become the property of that individual.

The coaches of each sport will submit a list of all athletes to the athletic director for recommendation for awards. If the coach would like an athlete to receive an award higher than he/she has earned, then it must be approved by the athletic director.

AWARDS NIGHT
All high school athletic awards will be presented following the sport season in which they were earned at an Awards’ Night Program. The purpose of Awards’ Night is to honor our athletes in front of their peers. In order to receive awards, it will be mandatory that athletes be in attendance. Unless prior notification is given and approved by the athletic director, any athlete not in attendance will not receive his/her certificate award until the next program. An athlete who misses an Awards Program without pre-approved permission will forfeit any special award for that sport season. This includes plaques, jackets, and blankets. Athletes are expected to dress nicely, and school rules concerning dress and hats will be enforced.

DEFENSE OF AWARDS
Athletes must defend their award through their senior year. If the athlete does not defend his or her award of the previous year the award will not be taken away. The only points that will count towards the jacket or blanket are those points earned continuously in each sport season. If an athlete tries out and is cut from a team, then all previously earned points in that sport season will count towards the jacket or blanket. Injured athletes will have defended their award by being a part of the team in a capacity allowed by the injury.

**GOOD STANDING WITH THE SCHOOL AND ATHLETIC DEPARTMENT**

In order for an athlete to receive any awards, he/she must be in good standing with school and the athletic department by having all equipment that he/she has been issued turned in for that sport season. He/she must have all financial obligations to the school and the athletic department paid prior to receiving awards. Final approval for any awards will be given by the principal and the athletic director.

**MORAL CONDUCT AND BEHAVIOR**

Any athlete who fails to uphold the conduct and behavior set forth by the school and the athletic department, and is insubordinate of the administration and/or coaches will forfeit any right to receive awards.

**PARTICIPATION IN OTHER SCHOOLS**

If a student moves into the Wes-Del Community Schools, his/her participation in his/her former school or schools shall be counted toward his/her honor jacket or blanket, but he/she must meet the stipulations set forth in the Wes-Del Athletic Policy. The athlete may also be required to furnish written proof of his/her previous awards at the other schools attended.

**MIDDLE SCHOOL PLAYER POLICY**

The following policy sets guidelines for the movement of players within the middle school athletic program.

1. In sports where there is a separate 6th grade team and schedule, the athlete will play with his/her grade level team.
2. In all sports 7th graders will participate with 7th graders and 8th graders will participate with 8th graders.
3. NO 5th graders will be allowed to participate on a middle school team except in the instance where no 6th grade level team would be able to compete due to lack of participants in the 6th grade.

The only exceptions to these rules will be as follows:

1. If there are not enough individuals to field a playing team, a 6th grader may play on the 7th grade team or a 7th grader may play on the 8th grade team.
2. NO player may play on a team that is below his/her grade level.
3. NO player may be moved more than one grade level.
4. Players may be moved for numbers only, not for talent.

Coaches will meet with the athletic director to make recommendations concerning moving a player. The athletic director will look at the number of athletes participating on the team that would be left behind and the team the player would be moving to. The athletic director will make a decision based on the facts, and that decision will be final.

**MIDDLE SCHOOL PRACTICE**

Middle School athletic teams may begin practice a minimum of ten (10) weekdays and no more than fifteen (15) weekdays (not including Saturdays) before their first contest date. Coaches must inform the athletic director of their start date so that it can be added to the master practice schedule. Coaches need to see the athletic director for their scheduled practice time and should not deviate from the schedule. Practice schedules must be given to the player.
