Fax: (618) 476-9160

---

Hello,

The Millstadt Police Department would like to make the public aware of a way for citizens to receive up to the minute police information. This can be done through a service via the website *nixle.com*. Nixle.com is a community notification system which is FREE. All you have to do is signup on the website. This can be accomplished through a link on our home website *millstadtpolice.org*. Simply click on "Community Information Alerts and Messaging." Although you can see recent activity, you will still need to create an account to receive instant messaging. We already have had a few dozen people join.

Through *nixle.com* we can send, out via email and text messaging, important information such as water boil orders, unexpected large street closures, "be on the lookout" information, and other police information. We will also be using this service to provide up to date police activity. This activity will consist of such information including but not limited to arrest information, public safety issues such as ongoing investigations in thefts, burglaries, and other property crimes, and reports of substantiated suspicious activity. The blotter will generally not be used to list minor traffic offenses and minor calls for service such as barking dogs.

We hope through the use of *nixle.com* we can provide a valuable tool for the citizens of our community. If you have any questions feel free to contact us.

Respectfully,

Chief Edward T. Wilkerson
