What Is TRUST?

Tussey Mountain's Student Assistance Program (SAP), also known as our TRUST Team, is a team of school staff members, drug and alcohol specialists, and community mental health liaisons. Each TRUST member has been trained through a state-endorsed program. The TRUST Team attempts to identify, intervene, and refer students whose behaviors indicate possible problems with personal issues or chemical or alcohol dependence.

TRUST

is...

- an identification program.
- an intervention program.
- a referral program.
- a support program.

TRUST is NOT...

- a counseling program.
- a treatment program.
- a discipline program.

Warning Signs...

- Deterioration in physical appearance
- Downward turn in grades
- Extreme mood swings
- Withdrawing or changing friends
- Possession of drugs or paraphernalia
- Odor of drugs or "cover up" scents
