Dear Roosevelt Learning Community,

It has been a privilege and a pleasure to welcome back our students for the 2022 -2023 school year. It was so refreshing to see our students' smiling faces on the first day of school. Our goal of helping all students reach their full potential in an equitable and inclusive environment remains. To that end, it is important we have a great beginning. Please communicate with teachers, counselors, and administrators if you have any questions concerning your student.

Please remember to encourage your student to not only work hard in the classroom but to also join one of our many sports teams, clubs, or activities. There are so many ways students are able to be involved and therefore, to feel a sense of belonging to their school. In fact, the research shows that "adolescents who feel that they are part of a school community are more likely to perform better academically and are more motivated in school (Battistich et al., 1997; Goodenow, 1993).
