## Chrome OS F5 VPN Setup

- 1. Open the Chrome **Web Store** on your Chromebook
- 2. In the Web Store, search for F5 Access and click Add to Chrome

3. Click on Add app

4. You will see a new F5 Access icon on your Chromebook. Click on the **F5 access** icon.

### 5. On the EULA prompt, click Accept

#### END USER LICENSE AGREEMENT DOC-0397-01

### IMPORTANT - READ BEFORE INSTALLING OR OPERATING THIS APPLICATION

LICENSEE ("LICENSEE") AGREES TO BE BOUND BY THE TERMS OF THIS AGREEMENT BY INSTALLING, HAVING INSTALLED, COPYING, OR OTHERWISE USING THE APPLICATION. IF LICENSEE DOES NOT AGREE, DO NOT INSTALL OR USE THE APPLICATION.

- 1. <u>Scope</u>. This End User License Agreement ("License") applies to the software product ("Software") included in this application ("Application"). This License is a legal agreement between F5 and the single entity ("Licensee") that has acquired the Software. All references to "F5" in this License will be deemed to be a reference to the applicable F5 entity as follows: (i) if Licensee's primary place of business is located in the European Economic Area, the Middle East or Africa ("EMEA"), the F5 entity is F5 Networks Ltd.; (ii) if Licensee's primary place of business is located in the Asia-Pacific region, excluding Japan, India and Taiwan ("APAC"), the F5 entity is F5 Networks Singapore Pte. Ltd.; and (iii) if Licensee's primary place of business is located in Japan, India, Taiwan or a region outside of EMEA or APAC, the F5 entity is F5 Networks, Inc. The Software may incorporate certain third party software programs subject to the terms and restrictions of the applicable licenses identified herein.
- 2. <u>License Grant</u>. Subject to the terms of this License, F5 grants to Licensee a perpetual, non-exclusive, non-transferable license to use the Software for which Licensee has paid the required license fees in object code form for Licensee's internal business purposes. Other than as specifically described herein, no right or license is granted to any of F5's trademarks, patents, copyrights, or other intellectual property rights and F5 retains all rights not granted

6. Click the plus + icon to configure the VPN

- 7. Enter in the Following Information. Click Save when finished.
  - a. Name APSCN VPN
  - b. Server URL https://apscnvpn.k12.ar.us
  - c. Username Your SSO Account login (0000username)
  - d. Password Your SSO password

8. You should now see your configured VPN connection. Close out of the configuration screen.

10. You may be prompted to verify the server's certificate. Click **Proceed**.

11. Type your SSO account password and click Logon.

Once you are connected, you will have access to the eSchool environment.

\*NOTE\* Open a new tab or browser when connecting to the environment.

# Disconnecting the VPN

Although there is an Auto Timeout feature enabled, it is important to disconnect when you longer need the VPN.

If you have the Network Connection still up, you can click "**Disconnect**" and it will disconnect you from your VPN as well.

If you close the connecting browser, a message will display asking if you would like to disconnect your connection.
