Through its curriculum, the schools will provide courses and/or learning experiences that support multiple pathways for learning; accommodate variety of learning styles; provide multiple options for students to demonstrate proficiency; and prepare students for responsible citizenship and success in a global society.

The Board recognizes that curriculum development, review, and evaluation are an ongoing process, and that programs and practices may need to be adjusted or revised to meet educational standards, to reflect community aspirations and values, and to serve the best interests of students.

In development, revision, and evaluation of curriculum, the Board expects that:

- B. All programs will be subject to ongoing review and evaluation to ensure they meet the instructional needs of students.
- C. The school system will undertake intensive curriculum revision as needed.
- D. The Superintendent/designee will take the lead in the ongoing curriculum development and review process and in aligning the curriculum with educational standards and with advances in knowledge, educational research, and “best practices.”
- E. Curriculum development and revision will be achieved with appropriate involvement of administrators, instructional and support staff, students, parents, community, and the Board.

The Board’s Curriculum, Instruction, & Assessment Committee will serve as a liaison to Ellsworth School Department Administration and Ad-Hoc Curriculum Committees.

The Board will review course catalogs prior to their distribution.
