**What does a "B" in Overall Performance mean?** ▲

Districts or schools earn a "B" (80–89) for **recognized performance** when they serve many students well, encouraging high academic achievement and/or appropriate academic growth for most students.

**How is Overall Performance calculated?** ▲

Overall grades for districts and schools are calculated based on performance in three key areas, or **domains**. We take the **higher score** between how much students know (**Student Achievement**) or how much better students are doing than last year or than peers in similar schools (**School Progress**). We then consider whether performance gaps exist among different groups of students (**Closing the Gaps**).

This design reflects a commitment to recognizing high student achievement and the impact of highly effective educators while maintaining focus on the students most in need. Ratings options for the overall score out of 100 are as follows:

- A:** 90 – 100
- B:** 80 – 89
- C:** 70 – 79
