This meeting is a meeting of the School Board in public for the purpose of conducting the School Corporation's business and is not to be considered a public community meeting. Prior to the meeting, each Board member has received copies of background information and other documents related to each item on the agenda. Thus, the Board members each have had the opportunity to study each agenda item and deliberate upon possible actions to be taken. It is important that you be aware of this, because sometimes persons form the impression that the Board seems to act upon its business very quickly and with little discussion, when in fact the Board has already thought the issues through very carefully. There will be time for public participation as indicated by agenda item Community Comments.

The meeting site is fully accessible. Any person requiring further accommodation should contact the Superintendent, at the School Corporation's Central Office.
