Technology Building

Parkers Chapel School District

Our Mission—Why do we exist.....We will provide an instructional environment where all students will develop essential academic, career, and social skills for a lifetime of learning.

Our Vision –What our Graduates should look like..... Our students will become responsible, contributing, and highly productive citizens in a diverse and changing world. Each one will reach their full potential and rise above the ordinary in their identified areas of interest.

Our Goals:

- We will empower all students to successfully meet the educational and social challenges of their future by providing a climate of respect, acceptance, and academic pride.
- We will provide a safe and secure learning environment.
- We will embrace the necessary skills and ability to utilize emerging technology for lifelong success.
- We will equip each student with life skills necessary to be independent contributing members of society.

TECHNOLOGY USAGE POLICY

The Parkers Chapel School District, in combination with the Internet access provider, will utilize restriction methods to filter software or other technologies to prevent students from accessing visuals that are obscene, child pornography, or harmful to minors. The district will also monitor students through direct observation and/or other means, to ensure that students are not accessing inappropriate materials. The term "harmful to minors" is defined by the US Code: Title 47 - CIPA (Children's Internet Protection Act). The Parkers Chapel School District makes no warranties of any kind, neither expressed nor implied, for the Internet access it is providing. The use of computers and the local area network can be of benefit to all students. Please help us maintain a smooth working system by reporting problems and following the rules. Students and Staff will agree to follow the regulations listed below while using the computers and technologies in the school, the local network, and its access to the Internet (includes Internet e-mail if allowed), and all other technology belonging to the Parkers Chapel School District. All agree to respect and use with care all the technological resources that they chose to utilize. They will also understand that they are not to remove any CD-ROM or other resources from the school nor will they be allowed to bring outside computer resources into the school without permission. Students and Staff will understand that all materials and information placed in their accounts and/or on school equipment is subject to review and monitoring by the staff and system administrator. They will at all times use technology in a moral and ethical manner. Students understand that e-mail (electronic mail) is not allowed, except when approved by administration. If e-mail is used, then It will NOT be used to disrespect my fellow students, faculty or others. Students also understand while using the Internet, it is their responsibility to notify the teacher and IMMEDIATELY exit any site containing inappropriate material. They understand they will be subject to suspension and/or other penalties and will lose credit for course work during the suspension period. Users will not use any computer accounts except excepts account issued to the user by the school district. Users will keep their account password private. Students understand while using the school computer they will not be allowed to access internet game sites or internet chat sites. Users understand that loading of ANY material or software is STRICTLY PROHIBITED and FORBIDDEN on the school computers unless authorized by administration. Users also understand that they will not be allowed to use any material or software that has been downloaded elsewhere on the Parkers Chapel School Districts campuses or in the business labs. Users will not violate the integrity of a network or computer system, change its performance or intentionally make it malfunction, or add or delete any programs or information resources. Students will be instructed/educated and monitored/restricted by staff on the following: Appropriate online behavior, including interacting with other individuals on social websites; cyberbullying awareness; cyberbullying response; restricting access by minors to inappropriate matter on the Internet and World Wide Web; the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; unauthorized access including "hacking" and other unlawful activities by minors online; unauthorized disclosure, use, and dissemination of personal information regarding minors: measures designed to restrict minors' access to materials harmful to minors (both state level and local level filters/site blockers will be maintained)
