

CODE No. 405.10 STUDENT TEACHERS

The school district will cooperate with the higher educational institutions in the practical preparation of future teachers.

Student teachers are to be placed with experienced teachers with a minimum of three years experience in the system and only with the recommendation of the principals involved and the approval of the supervising teacher. The superintendent of schools and the teacher training institution shall approve the individual student teacher contract. Any reimbursement for student teacher supervision shall be deposited into a scholarship fund sponsored by the teachers' organization.
