

## **Code No. 508.5 SPORTSMANSHIP**

The board recognizes the value of extracurricular activities in the educational process and the values that young people develop when they have the opportunity to participate in an organized activity outside the traditional classroom.

Participants and responsible adults involved in board-approved extracurricular activities are expected to demonstrate the same level of responsibility and behavior at practice and competitions as is expected in the classroom. The board further encourages the development and promotion of sportsmanship, ethics, and integrity in all phases of the educational process and in all segments of the community, including administrators, participants, adult supervisors, parents, fans, spirit groups and booster clubs.
