Code No. 904.1 TRANSPORTING STUDENTS IN PRIVATE VEHICLES

Generally, transporting students for school purposes is done in a vehicle owned by the school district and driven by a school bus driver. Students may be transported in private vehicles for school purposes. It is within the discretion of the superintendent to determine when this is appropriate.

Individuals transporting students for school purposes in private vehicles must have the permission of the superintendent. Private vehicles will be used only when proof of insurance has been supplied to the superintendent and when the parents of the students to be transported have given written permission to the superintendent. The school district assumes no responsibility for those students who have not received the approval of the superintendent and who ride in private vehicles for school purposes.
