

Budget Survey – Definitions for Instructional Resources

Question IR1

Supplemental Programs include resources to support student learning in core academic subjects. These programs may provide intervention or enrichment depending on student need.

Parental Classes are intended to provide strategies for parents to support student learning, such as community building activities, enrichment activities, or focus on social-emotional support. These sessions might also include instructional strategies, discussions about adolescent behavior, and literacy and language support for parents.

Extended Learning Time Program is a strategy intended to increase the amount of time students are learning, especially for the purposes of improving academic achievement and test scores, or reducing learning loss, learning gaps, and achievement gaps.
