

**STUDENTS**

**Policy 2876**  
**(Regulation 2876)**

**Student Services**

**Epilepsy/Seizure Disorder**

Beginning on July 1, 2023, parents of a student with epilepsy or a seizure disorder who are seeking care for their child while at school are encouraged to inform the school nurse or in the absence of the nurse, the building administrator of their request. Upon such request, the school nurse will develop an individualized emergency health care plan for the student. Parents must annually provide written authorization for the provision of epilepsy or seizure care as set out in the student's individualized health care plan.
