

## MCS Board Statement 4.11.23

MCS Community,

The E.D. letter to parents discussed two incidents that occurred on April 4th 2023. This letter was emailed to families during the afternoon of 4.11.23. This letter referenced the incident where an MCS Middle School student threatened two other MCS Middle School students. The MCS Board of Directors can assure families that this student is undergoing a multidisciplinary review and is not allowed to return to school at this time. Families will be notified in a timely manner with updates to this situation.

The MCS Board of Directors along with our E.D. will not tolerate threats or acts of violence, bullying or intimidation at our school. We will follow our student handbook and enforce the consequences including out-of-school suspension and expulsion. We encourage families to discuss this with their students.

If you need additional information please contact the E.D., Janet Carter.
