

Section **8000 ADREG**

Title **FOOD SERVICE EMERGENCY**

Code **8500 OPERATIONS**

Status **Active**

It is the policy of the Morenci Area Schools' Board of Education to provide a breakfast program in accordance with procedures established by the Department of Education. The Board shall also provide food service for the purchase and consumption of lunch for all students.

The food service program must comply with Federal and State regulations pertaining to the USDA's school meal pattern requirements. Access to the facility and the food stored and prepared therein shall be limited to food service staff and other authorized persons.

If situations arise that curtails either facilities' Person-In-Charge from being present during the preparation and consumption of either breakfast or lunch, the District Superintendent will designate a food service employee, who has a Michigan food handler card, to supervise for that day. Each facilities Person-In-Charge will provide a list of trained personnel.

The Food Service Director will also be responsible to maintain an adequate list of personnel.
