

Section **8000 ADREG**

Title **TRANSPORTATION EMERGENCY**

Code **8600 OPERATIONS**

Status **Active**

It is the policy of the Morenci Area Schools' Board of Education to provide transportation for those students whose distance from school makes this service necessary and in all other cases required by Federal or State law or regulations.

Due to financial, legal, or other considerations, the Board reserves the right to transport students to and from school using an alternative route system. That alternative route system will be available on the Transportation Page of the Website.

If it is not feasible to use the alternative route system, a notice to self-transport students to school will be available on the Transportation Page of the website.

Adopted: May 2, 2022
