BELL SCHEDULES

WELCOME

Welcome to Genoa-Kingston High School. We are all excited about the upcoming school year and look forward to affording every student the opportunity to excel and contribute. The opportunities are vast in the classroom, community and cocurricular activities ranging from fine arts, athletics, social organizations, service and many more. Always have the spirit to do things which will make our school outstanding. Participate in school activities, create new ones, and be an integral part of Genoa-Kingston High School. We are here for you.

TO PARENTS

You have the right to anticipate the best our schools can provide for your student. As you are your student's first and most influential teacher, your child's ideas about education and its significance begin with you. We hope you will participate actively in the educational process. Help your student understand that excellence in education cannot be achieved without intellectual and moral integrity coupled with hard work and commitment. We encourage families to attend events, contact teachers, and stay in touch through electronic media. At any time, please feel free to contact any school personnel to meet for any reason.

TO STUDENTS

When you give your best, you attain the knowledge and skills that will enable you to create your future and control your destiny rather than having your future thrust upon you by others. Take hold of your life, apply your gifts and talents, work with dedication and self-discipline. Have high expectations for yourself and convert every challenge into an opportunity. We are all here for you to make GKHS your home.

DISASTER PLAN

In cooperation with our local civil defense and city authorities, a comprehensive disaster plan has been developed. The Genoa Civil Defense alerts us immediately in case of severe weather or a tornado watch or warning. Please take note of the following:

If at dismissal time the sky is threatening and tornadoes or severe weather seem to be evident, the school administration may make the decision to hold the students until this period has passed. Facebook, twitter and a school messenger phone call will report this information.

Parents should not expect their student home or a call from their student until the condition has passed. A School Messenger phone call will be made to parents explaining the situation.

In the event of early dismissal due to an emergency, students will be instructed to go directly home. Buses will be assembled and loaded as at the end of the school day. You will need to advise your student what procedure to follow in the event you are not at home. As noted above, the radio stations will report this information.

FIRE AND SEVERE WEATHER DRILLS

Fire and severe weather drills will be held periodically. At the beginning of the year, the teachers will give the procedures to follow. This is important as it may become necessary to give directions during an emergency. Procedures are posted in each room.

Parents Note: If a severe weather condition occurs near dismissal time, students will be kept at school until the weather improves.

VISITOR CONTROL POLICY

Genoa-Kingston High School welcomes the parents of our students as guests. Students currently attending Genoa-Kingston are strongly discouraged from bringing visitors to school. In the event it is absolutely necessary for a visitor to accompany a student, there must be written permission secured from the building principal at least 24 hours in advance. All visitors will be required to present a driver's license or state identification for screening at entry.

ACADEMIC INFORMATION

Pre-Arranged Absence-Students who have a pre-arranged absence (Vacation, college visit, field trip, FFA week etc...) will get their assignments before leaving and have them done up return. Tests will be taken upon their return. This is the student's responsibility to obtain this information.

It is the student's responsibility to check with the teachers about work, quizzes and/or tests missed due to an absence. In regards to absences, a student will be given one day of make up time for each day of absence. For example; If a student is absent from school on an A day and

returns to school on the following B day, the student must see their A day teachers and make up their assignments to be prepared for the next A day.

CLASS PARTICIPATION

A percentage of the academic grade for any class may be awarded for class participation. Students may earn class participation points by attending class regularly and being punctual. The actual number of points awarded for participation will vary due to the type of course or class.

ACADEMIC ACHIEVEMENT: Credit For College Level Classes

A student who successfully completes college courses may receive high school credit provided the following criteria are met:

1. A student in good academic standing.
2. The course is approved in advance by the high school guidance counselor and the high school principal.

CONFERENCES

Genoa-Kingston Community High School encourages parental conferences. Conferences will be held once a staff member or parent makes a request. Conferences occur in November and February each year.

GRADING SYSTEM

A student's grade point average (GPA) is based upon a four point system with "A" being four points, a "B" three points, a "C" two points, a "D" one point, and an "F" zero points. As a general guide to the grading practices used in our school, the following descriptions are given:

- A. An excellent grade indicating the student has attained a degree of learning which is reached by students performing at the highest levels (90-100%).
- B. A very commendable grade, a description of the work of superior students (80-89%).
- C. A satisfactory grade, a description of the work done by students striving to achieve mastery (70-79%).
- D. A passing grade indicating the student has met the minimum requirements of the course (60-69%).
- F. A failing grade indicating that for one or more reasons the student has not met requirements of the course (failure - no credit).

I. Work incomplete. A grade of an "I" may be issued. Based on the teacher's discretion, teachers will give an exact due-date for work.

EXTRA CURRICULAR ELIGIBILITY

Participation in extracurricular activities is a privilege afforded to all students. To maintain a positive relationship between academics and activities, minimum standards for eligibility have been set by the Board of Education and the IHSA. Students should strive to exceed these minimum standards in order to ensure their continued participation in athletic or other extra curricular activities.

Academic eligibility is based on a four point system; D's are equal to one point and F's receive two points. When a student receives four or more points in any combination of grades he or she is then ineligible to participate in extracurricular activities for the following week, Monday through Sunday. Students who are ineligible for 3 weeks may be subjected to dismissal for the remainder of the extra curricular activity. Academic eligibility is determined weekly.
