**ACADEMICS**

**ACADEMIC SUPPORTS**
At Motley-Staples Middle School we strive for educational excellence. We want your child to be prepared for their future schooling and career endeavors so they may reach their fullest potential. In order for this to happen we need to create and hold high expectations for our students. These high expectations must be met with a strong home and school support network. Here is a list of supports we have put into place that we feel will help students meet the academic expectations at Motley Staples Middle School.

**ACADEMIC BOOSTERS**
Academic Boosters is an after school program designed to assist students in a variety of ways. Qualified teachers focus on extension activities to enhance academic and social skills outside of the regularly scheduled school day. These activities involve, but are not limited to:

- improving english language arts and math skills and strategies
- general homework help
- increasing technology skills
- teaching and modeling appropriate social skills
- promoting active citizenship
- student learning outcome recovery

Academic Boosters will be held Mondays and Thursdays, 3:15-5:15 p.m. Students may ride the shuttle bus when and if it is available.

**LATE WORK POLICY**
The staff and administration believe that all assignments carry a purpose of determining if a student understands the material being presented. Several late assignments in a class can dramatically affect the student’s grade and understanding of course learning outcomes. Late work grading policy will be at the discretion of the teacher.

Chemical Violations will result in suspension of participation and spectating of all school sponsored events for all Motley-Staples Middle School students. This includes, but is not limited to: Athletic Events, Fine Arts Performances, Homecoming, Dances and other events determined by the administration. The consequences will follow the MSHSL
structure. In addition, a Chemical Violation will also prohibit a student from obtaining and/or maintaining a “captain role” within the said program(s) for a full calendar year from the time of the incident.

Furthermore, eligibility for participation may be limited by disciplinary matters or attendance (regarding both school and their activity). If students have any questions about eligibility for participation, they should contact their Principal or Activities Director.

Student Behavior and Expectations guidelines are outlined by the following, but not limited to:
- MSMS Student Handbook
- SMHS Student Handbook
- Activity Handbooks
- MSHSL Bylaws
- Administrative determinations

Students who earn a detention or suspension must serve their detention/suspension prior to being reconsidered for eligibility.

Students participating specifically in our MSHSL Sponsored extra-curricular opportunities are expected to follow the “MSHSL Student Code of Responsibility” at all times.
All students, grades 6-12, are expected to remain in Good Standing, to fully participate.

Staples-Motley Schools considers all of its extra-curricular and co-curricular opportunities, (opportunities above and beyond the regular classroom) privileges.
Activities, athletics and fine arts are all subject to consequences and ineligibilities.
Once a student is ruled ineligible for a said period of time, all activities within that time period, fall within the ineligibility.
Any possible academic penalties must be accommodated with an alternative.
(The calendar may determine the perceived severity of the consequence).

Students must follow the attendance policy for extra-curriculars found on page 10.

**Curriculum/Review of Material Policy**
The school district curriculum is aligned with state standards and benchmarks. The standards are listed in grade level brochures that describe the educational outcomes for grades 5-8. Each year our district will strive to update the curriculum to meet the needs of our students and provide a rigorous and relevant educational program.

In March, 1993 the Staples Area School Board adopted a policy for parents to review the content of instructional materials. Requests for review are to be directed to the building principal who will try to resolve the issue. Parents are then informed that their student is not required to be exposed to the questioned material, but will be required to meet the essential learner outcome. An alternative instruction provision is available for parents should they choose this option. This policy has been continued by the new Staples-Motley District.
Field Trips/Special Events
In order to assure that students are on their best behavior during out of the building special events, the school may prohibit student attendance at special events. The principal will involve the team leader, advisor, coach and parent as necessary.

Failing Courses
Failure to meet the requirements and percentage to pass courses in the school year will result in mandatory Academic Boosters, an adjusted class schedule or Summer School to make sure students have an opportunity to complete necessary coursework to ensure the student has the skills and strategies to be successful in that content area at the next learning level.
Teacher input and data, parent input, and administration will be considered and guide the process to make a plan that is best for individual student success.

Grades/Report Cards/Progress Reports
Report cards will be posted four times during the school year; however, parents are encouraged to review online grade reports on a regular basis throughout the quarter. Go online to the District Website at http://www.isd2170.k12.mn.us, located on the left side of the screen under Quick Links you will find the Family access link. It is absolutely imperative that parents monitor their students’ progress and work together with the teachers to ensure academic success.

Homework
Students are expected and required to do a certain amount of homework. When you are absent from school, you will be expected to complete any tests or assignments that were due while you are absent. You will have a time equal to the time you were absent to complete your work.

Honor Roll
At the end of the quarter, an honor roll will be published for those students who have achieved an average of 3.000 for the B Honor roll and 3.670 for the A Honor Roll or higher in all academic subjects. Students receiving a D+ or lower, or Incompletes will not be eligible for the Honor Roll. Sixth, seventh and eighth grade students will be graded using the following grades: A, B, C, D, F.

In computing the honor roll, honor points are figured on the following basis: A+ = 4.33, A = 4.0, A- = 3.67, B+ = 3.33, B = 3.000, B- = 2.67, C+ = 2.33, C = 2.0, C- = 1.67, D+ = 1.33, D = 1.0, D- = .67, F = 0.
INCOMPLETES
Incompletes shall be made up within 10 school days following the distribution of report cards to the parents. This is typically no later than the third Friday of quarters two, three and four.

PHYSICAL EDUCATION EXPECTATIONS/RESTRICTIONS
A parent may request for their child to be excused from physical education activities due to illness or injury. The maximum number of days without a medical doctor request shall be five (5) days in a quarter. Students with such a request shall be expected to do alternative assignments as presented by the instructor, and shall be restricted in all other recesses on the same days as restricted from Physical Education. Parents are encouraged to request special conferences with physical education staff if there are special medical conditions. Students are graded based on degree of participation and not on level of performance. Students are required to have a separate pair of tennis shoes and a change of clothes for physical education classes.

TEXT BOOKS/LIBRARY BOOKS
Textbooks and library books are loaned to students for their use during the school year. They are to be kept clean and handled carefully. Students are responsible for providing adequate care for their books. Students will be required to pay for lost or damaged books.

STUDENT PLACEMENT
Student placement is taken seriously and is initiated according to a process involving time and careful thought concerning the best interest of every child in each classroom. Classrooms are heterogeneously grouped to mirror our society. In order to create balanced classes of students, the following factors are considered: gender, ethnicity, ability levels, student needs, behavior concerns, and special program needs. We are confident in all of our teachers abilities to meet the needs of the students in their classrooms as well as the resources that will be provided to help in the process. Please note that the final decision on all student placements rests with the administration. Students will be notified in the summer about class placement.

TESTING

ATTENDANCE POLICY
PHILOSOPHY
The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.

Note: Parents who do not require their children to attend school on a daily basis are in violation of Minnesota State Statute 260A.02. It is the parent/guardian’s responsibility to provide an explanation for an absence; it is the school district’s right to determine if the absence is excused. The state defines a continuing truant as a child who is subject to the compulsory instruction
requirements of section 120A.22 and is absent from instruction in a school, as defined in section 120A.05, without valid excuse within a single school year for:

(1) three days if the child is in elementary school; or
(2) three or more class periods on three days if the child is in middle school, junior high school, or high school.

FIVE DAY MAXIMUM ABSENCE RULE
If a student is absent from a class more than five (5) times per semester or ten (10) cumulative per school year, it is considered to be excessive. School related activities, medically verified absences and prior approved absences will not count as part of the five (5). Additional absences beyond the 5 in a semester, will require medical documentation or they will be recorded as unexcused.

- Parents will receive notification by mail or phone call with regard to attendance concerns.
- Unexcused absenteeism from school may result in a referral for county services.
- If a student (grades 9-12) exceeds the five day unexcused absence limit in a class the letter grade will be reduced by one full grade.
- Staples-Motley School District feels good attendance is a part of being in “Good Standing” as a MSHSL participant. Failure to attend courses may result in a loss of eligibility as determined by Activities Director and/or Principal.

CLASSIFICATION OF ABSENCES
The following types of excused absences will not count towards the five day absence limit if there is appropriate documentation confirming the dental, legal and other professional appointments attended. A signed slip from the dental, legal or other professional person is required no later than two (2) days after the last absence to be coded as such.

1. Doctor excused. A physician’s statement may be required after three consecutive days of illness.
2. Family leave (emergency, funerals, illness of other family members) excused at administrative discretion.
4. School sponsored activities.
5. College visits two (2) days per year. (Student has to be in good academic standing or at administrative discretion and these must be pre-arranged and documented with the office.)
6. Family Vacation – five (5) days per school year (Prior administrative approval is required before departure and the student(s) must be in good academic and attendance standing).

THE PRINCIPAL SHALL MAKE THE FINAL DECISION OF WHETHER AN ABSENCE IS EXCUSED OR UNEXCUSED.

SCHOOL’S RESPONSIBILITY
The most significant responsibility of the school regarding attendance is to have each classroom teacher record daily attendance and report it to the school office promptly. It is also the teacher’s responsibility to provide any student who has been absent (excused) with any missed assignments upon request from the student/parent. The school office personnel will maintain the official absence record of each student.

PARENT/GUARDIAN RESPONSIBILITY
Parent/Guardian attitude toward excellent school attendance is probably the most significant factor in the student’s attendance. It is the responsibility of the parent/guardian to CALL THE ATTENDANCE OFFICE on the day of absence explaining why the student will be absent. The parent/guardian should call between 7:15 a.m. and 9:30 a.m. each day. The attendance school phone number is 1-218-894-5400. If no answer, please leave a message on the automated machine. If no such call is made, a written excuse from the parent/guardian must accompany the student within two days of the return to school. A phone call or note does not guarantee that the absence will be marked as excused as some absences do not meet criteria to be excused by school officials.
**STUDENT’S RESPONSIBILITY**

The first and most significant responsibility of a student to the formal learning process is to attend each scheduled class regularly. The responsibility for making up missed lessons rests with the student, not the teacher. All students are expected to do all assigned work.

*Responsibilities for Excused Absences*

1. Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
2. Work missed because of absence must be made up by the student. The amount of time students will have to make up work will be the number of days absent plus one. For instance, a student absent for three days would have four days to make up his/her work.
3. Parents requesting advance make-up work for students who are or will be absent and not returning to school for several days must allow one full school day for work to be accumulated from the teaching staff and may be picked up the following morning.

*Unexcused Absences*- The following are examples of unacceptable reasons for absence:

- Oversleeping
- Missing the bus
- Running errands for a family member
- Lunch off campus
- Hair/salon appointments
- Baby sitting
- Shopping
- Working
- Pet care

**Skipping**

"Skipping" of classes is an unexcused absence. Students may be asked to make up for skipped class time according to the following:

1. 1 Class Skipped = 1 detention after school
2. Additional skipping could result in more detentions/ISS.
3. Students coming to class without an excuse, after 5 minutes of the class is completed are considered skipping. A detention referral will be made.

**Unexcused Tardiness**

1. An unexcused tardy is failing to be in an assigned area at the designated time class period commences without a valid excuse.
2. Once a student has had five (5) total tardies in any or all classes, they will receive consequences (detention) for that and for every five tardies thereafter.
3. Students coming to class without an excuse, after 5 minutes of the class is completed are considered skipping. A detention referral will be made.

**Possible Consequences of Unexcused Absences**

- Students may not be allowed to make up work missed due to such absences.
- Students may not be allowed to participate in co-curricular events.
- Detention may be assigned per class period missed.
- County truancy referral may be filed.
**Make-Up Work**

Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.

Work missed due to an unplanned absence or illness must be made up by the student in a timely manner. The amount of time students will have to make up work will be the number of days absent plus one. For example, a student absent for three days would have four days to make up his/her work. Any work not completed within this period shall result in “no credit” for the missed assignment. Teachers are allowed limited discretion in the application of this policy.

Regarding school related absences (athletics, activities and the arts) school work is still expected to be turned in on time and/or the due date of the said class(es). Students are responsible for getting their assignments before they’re absent. You do not get “extra time” if your absence is school related.

**STUDENT OPPORTUNITIES: EXTRACURRICULARS, CO-CURRICULARS AND ACTIVITIES.**

Motley-Staples Schools considers all of its extra-curricular and co-curricular opportunities, (opportunities above and beyond the regular classroom) privileges. Activities, athletics and fine arts are all subject to consequences and ineligibilities.

Once a student is ruled ineligible for a said period of time, all activities within that time period fall within the said ineligibility. This may include Fine Arts and Organizations within the school day, depending on the severity of the offense. Any possible academic penalties must be accommodated with an alternative. The calendar may determine the perceived severity of the consequence.

In order to ensure our students remain in “good standing” for their activities, both extra-curricular and co-curricular, a probation and ineligibility list will be generated.

Grades will be monitored and checked periodically (or as needed) in all classes.

( Behavioral expectations will be on-going).

Extra-Curricular Academic Eligibility:

Quarterly grades will be the deciding factor for final grades for student eligibility in extra-curricular activities. If an "F" is posted or a student has an incomplete that then turns into an "F" then the student is ineligible for:

1 F= 2 weeks for category 1 activities (Sports), 1 events for category 2 activities (one act, musical, etc.)
2 F’s= 3 weeks for category 1 activities, 2 events for category 2 activities
3 F’s= Administrative Review of Students Eligibility

A student who fails a Quarter 4 course will be ineligible in the first extra-curricular event they are involved in the following school year.

Grades will be monitored by the administration every 2 weeks, to ensure communication with students, teachers, parents and coaches/advisors/directors. Students in extracurricular activities are required to attend Academic Interventions (2 per week, or approved scenario based rationale) if they are receiving an “F” in any course (or failing any course [On site, online or PSEO]). During the Academic Intervention, students must demonstrate acceptable effort and improvements towards their academics or the Intervention will not be counted. A student no longer needs to attend Academic Interventions once the student confirms they have achieved a passing grade with Administration. Students who fail to attend or miss (2) of the Academic Interventions will be ineligible to participate in extra-curricular activities until deemed eligible.

Furthermore, eligibility for participation may be limited by disciplinary matters or attendance (regarding both school and their activity).

Chemical Violations will result in suspension of participation and spectating of all school sponsored events for all Motley-Staples Middle School students. This includes, but is not limited to: Athletic Events, Fine Arts Performances, Homecoming, Dances and
other events determined by the administration. The consequences will follow the MSHSL structure. In addition, a Chemical Violation will also prohibit a student from obtaining and/or maintaining a “captain role” within the said program(s) for a full calendar year from the time of the incident.

Notice must be given to the Attendance/Discipline Office by staff regarding student participation. If there are any concerns or violations regarding expectations, the student will be unable to participate in the opportunity. (This includes academic endeavors, activities, clubs or programs.)

If students have any questions about eligibility for participation, they should contact their Principal or Activities Director.

Student Behavior and Expectations guidelines are outlined by the following, but not limited to:
- MSMS Student Handbook
- Activity Handbooks
- MSHSL Bylaws
- Administrative determinations

Students who earn a detention or suspension must serve their detention/suspension prior to being reconsidered for eligibility.

Students participating specifically in our MSHSL Sponsored extracurricular opportunities, are expected to follow the “MSHSL Student Code of Responsibility” at all times. All students, grades 6-12, are expected to remain in Good Standing, to fully participate.

Waiver Policy
Remembering that participation is a privilege and not an expectation, a reduced fee may be imposed if criteria are met. The policy for reducing the activity fee for a student athlete is as follows:

A. In order to determine whether or not to grant an activity fee reduced rate for a student, the school administration will look at the student and their family to see if they are on a free and/or reduced lunch program. If they are, we will give serious consideration to a reduced rate.

B. If the student has demonstrated previous activity success, staying in programs they previously participated in, they will receive consideration. If the student has shown a tendency for quitting, the fee will not be reduced.

C. If the student is ineligible for any reason, a reduced fee will not be granted. A student who is at high risk of becoming academically ineligible at the time of application will be subject to denial.

D. Students who demonstrate school related behavior and discipline problems would be subject to denial. Any student under school suspension or serving a school related penalty would not be granted a reduced rate.

**STUDENT ATTENDANCE AND PARTICIPATION IN EXTRACURRICULAR ACTIVITIES**

(Motley-Staples Middle School believes attendance is a part of being in “Good Standing” as a MSHSL participant. Failure to follow the attendance policies, will result in a loss eligibility to be determined by Activities Director and/or Principal.)

1. The policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day.
2. School-initiated absences will be accepted and participation permitted.
3. A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
4. If a student is suspended from any class, he or she may not participate in any activity or program that day.

• Copying another person’s work or tests.

CELL PHONE POLICY/ELECTRONIC DEVICES
All classrooms are “phone free zones”. (Unless pre-determined by the teacher and administration to be appropriate for academic purposes).

Any electronic devices deemed to be inconsistent with the educational mission of the school are not permitted. They will be confiscated and held in the office until a parent picks them up.

All of these items are the sole responsibility of the student and students are encouraged to leave these items at home.

If a student is seen with a cell phone or electronic device during the school day it may be confiscated and kept in the office and collected after the last bell, at the end of the school day.

1st Offense: Confiscated and kept in the office and returned to the student at the end of the school day; All office hours apply.

The student will be required to hand in any cell phone/electronic device at the beginning of the school day and collect it at the end of the school day, serve a detention and may also be deemed ineligible for activities and events.

Failure to turn over the cell phone will result in disciplinary action.

If a student needs to leave the classroom or assigned area, the cell phone is to remain in the said area, (Example: if they need to use the restroom, their phone stays in the classroom).

STUDENTS AND SOCIAL NETWORKING SITES:
As a student at Motley-Staples Middle School, you are expected to follow student handbook guidelines, even though an event may happen off school property or after school hours.

Social network sites, other digital platforms (including cell phones) and distribution mechanisms that facilitate students communicating with other students are considered “Social Networking” platforms. Participation in such networks has both positive appeal and potentially negative consequences. It is important the Motley-Staples students be aware of these consequences and exercise appropriate caution if they choose to participate.
Students are not restricted from using any online social network sites and/or digital platforms. However, users must understand that any content they make public via online social networks or digital platforms is expected to follow acceptable social behaviors and also to comply with federal, state and local laws, as well as, your Student Handbook. As a Motley-Staples student, you must be aware of your Student Handbook regulations and expectations of our said extracurricular programs. Ignorance of these regulations does not excuse students from adhering to them.

**GUIDELINES FOR STUDENTS:**
These guidelines are intended to provide a framework for students to conduct themselves safely and responsibly in an online environment. As a student at Motley-Staples you should:

- Be careful with how much and what kind of identifying information you post on social networking sites. Virtually anyone with an email address can access your personal page. It is unwise to make available information such as full date of birth, social security number, address, phone number, cell phone numbers, class schedules, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. Social Media sites provide numerous privacy settings for information contained in its pages. Use these settings to protect private information. However, once posted, remember the information becomes property of the website and public record.

- Be aware that community members, family and potential current and future employers and college admissions offices often access information you place on online social networking sites. You should think about any information you post on sites or similar directories that potentially portrays an image of you to a prospective employer or school. The information is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.

- Be careful in responding to unsolicited e-mails asking for passwords or PIN numbers. Reputable businesses do not ask for this information in emails.

- Don’t have a false sense of security about your rights to freedom of speech when using Social Media. Understand that freedom of speech is not unlimited. The online social network sites are NOT a place where you can say and do whatever you want without repercussions or personal accountability.

- Remember photos once put on the social network site's server become their property and public record. You may delete the photo from your profile but it still stays on their server. Internet search engines like “Google” or “Yahoo” may still find that image long after you have deleted it from your profile. Think long and hard about what type of photo you want to represent you.

- Whoever is the “adult” (over 18) responsible for the contracts, computers, phone lines, etc. is liable for your actions as a minor as well.

**Things students should refrain from:**

- Derogatory language or remarks about our students, teammates, school personnel and our community at-large; as well as, teachers or coaches; student-athletes, administrators or representatives of other schools.

- Demeaning statements about or threats to any third party (including support of demeaning statements and threats). Don’t respond to these.

- Distribution and possession of unauthorized videos and photos or statements depicting violence; hazing; sexual harassment and content; vandalism, stalking; underage drinking, selling, possessing, or using controlled substances; or any other inappropriate behaviors.

- Creating a serious danger to the safety of another person or making a credible threat of serious physical or emotional injury to another person.

- Indicating knowledge of unreported felonies, crimes, thefts or damage to property or unethical behavior.

- Indicating knowledge of an unreported school or team violation—regardless if the violation was unintentional or intentional.

One of the biggest lessons social network users can learn is that **anything** you post online enters the public record. You never know who may be looking and when.

Students, Parents and Guardians, let it be known that any students in violation of said conduct is subject to consequences to be determined by the Administration, Principal and/or Activities Director.

The Minnesota State High School League Student Code of Responsibilities, Bylaw 206.00, is applicable and relevant in all student related issues and concerns in such matter.

If the report from the diagnostician indicates that the student is in need of therapy and a particular frequency of therapy is recommended, the school will have the option of requiring the student seek out the suggested therapy as a condition for continuing to receive public education. Upon completion of therapy, Staples Motley High School will make every effort to provide follow-up counseling and supportive assistance to those students who return after successfully completing a therapeutic regimen, realizing that behavior change in an unchanged environment is especially difficult.

**SCHOOL BUS - APPLICATION OF THE STUDENT CODE OF CONDUCT**

**Reference: Staples Motley Transportation Policy located in the District Office**

The Secondary School Student Code of Conduct is in effect from the time a student is at the designated bus stop to board the bus at the beginning of the day until the student gets off the bus at the end of the day and remains visible to the bus driver. Bus drivers are responsible for the orderly conduct of pupils while they are on the school bus and may remove any student for up to one day who participates in unacceptable behavior. Bus Ridership - Law provides that students be transported to school according to a set of guidelines. In order to be consistent with state law, the school system will adhere to the following regulations concerning bus ridership:

1. Students may carry loose objects on the school bus if they can hold them in their laps. State law prohibits blocking the aisle with carry-on objects. **FIREARMS, WEAPONS OR OTHER DEVICES LISTED UNDER SCHOOL BOARD POLICY #501 ARE NOT ALLOWED, BY STATE LAW, ON MINNESOTA SCHOOL BUSES.**

2. **POSSSESSION, USE, SALE, AND OR DISTRIBUTION OF TOBACCO AND/ OR TOBACCO RELATED PRODUCTS, POSSESSION, USE, SALE AND OR DISTRIBUTION OF ILLEGAL DRUGS/ CHEMICALS, ALCOHOL, AND OR CONTROLLED SUBSTANCES AND ALL RELATED PARAPHERNALIA.**

4. If adults wish to be transported on school buses, they must first contact Mr. Norby Klimek (Transportation Supervisor) and explore space limitations on a particular route. All requests must go through the Superintendent of Schools for approval or disapproval.

5. Students involved in school bus discipline problems may be denied bus ridership privileges.

6. Students will be required to pay for any damages they cause.

7. Students are expected to dress appropriately for all weather conditions, especially winter/cold weather.

8. **After being dropped off by the school bus students are expected to enter and remain in the building and are not allowed to leave the campus.**

**MISCELLANEOUS**

**Absence Procedures**
The following procedures should be followed when a student is absent from school:
- A parent or guardian should call the attendance office, 218-352-6315 on the day of the absence.
- If it is not possible to call, a written excuse from a parent or guardian giving the name, date of absence, and reason for the absence should be brought to the attendance office on the morning that the student returns to school. ALL ABSENCES THAT ARE NOT REPORTED WITH A PHONE CALL OR NOTE UPON ARRIVAL BACK TO SCHOOL WILL BE CONSIDERED UNEXCUSED.
- A phone call or note does not guarantee that the absence will be marked as excused as some absences do not meet criteria to be excused by school officials.

A phone call from the parent/guardian to the attendance office in the morning of the absence is preferred. If the attendance office is not notified you may be called inquiring about your child’s absence. All absences must be confirmed/excused through the attendance office. **In addition, please do not have your student call or text with a cell phone when they are sick. Students leaving school for illness must go through the Nurse’s Office, so that we know where they are at all times.**

**Arrival and Dismissal**
In order to ensure proper supervision, students arriving before 7:55 a.m will be required to wait in the vestibule until staff are in place for morning supervision. Once students arrive, they are not allowed to leave school grounds until school is dismissed. School begins at 8:20 a.m. and ends at 3:13 p.m. daily.

No students are permitted the use of the building outside of school hours unless they are under supervision. All dates for any such activities must be cleared through the Community Education office, 218-894-2497.

**Calendar**
The school calendar is adopted annually by the school board. A copy of the school calendar can be found in the back of the handbook and on the school district’s website at [www.isd2170.k12.mn.us](http://www.isd2170.k12.mn.us). Important dates regarding early outs, non-school days, conferences, etc. can be found here.
**CHURCH SERVICES - DURING SCHOOL HOURS**

Students who have activities on Wednesday can expect to have completed their participation by 6:00 p.m. Wednesday evening is reserved for church and religious activities.

When a Holy Day of Obligation or other religious holiday demands a student’s attendance at a church service, it is recommended that the obligation be taken care of when school is NOT in session. If circumstances make that impossible, students can be allowed to attend church services during the school day, IF PERMISSION IS OBTAINED ONE DAY IN ADVANCE. Students should bring a note from parents in advance requesting that dismissal.

A Skylert will notify families twice weekly when their account balance is less than $10 or in the negative. Modification of the dollar amount may be made for students receiving reduced priced meals. This will be determined by the food service staff and will be based on the number of children in the family receiving reduced priced meals.
Families with an account balance of less than $10 will continue to receive a notice twice a week. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt by sending out statements in addition to auto calls. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.

Negative balances of more than -$10.00 not paid prior to the end of the fiscal school year (July 31), will be turned over to the superintendent or superintendent’s designee for collection. Parent/Guardian Guide and Refusal for Student Participation in Statewide Testing

This information will help parents/guardians make informed decisions that benefit their children, schools, and communities.

Why statewide testing?

Minnesota values its educational system and the professionalism of its educators. Minnesota educators created the academic standards which are rigorous and prepare our students for career and college.

The statewide assessments are how we as a state measure that curriculum and daily instruction in our schools are being aligned to the academic standards, ensuring all students are being provided an equitable education. Statewide assessment results are just one tool to monitor that we are providing our students with the education that will ensure a strong workforce and knowledgeable citizens.

Why does participation matter?

A statewide assessment is just one measure of your student’s achievement, but your student’s participation is important to understand how effectively the education at your student’s school is aligned to the academic standards.

- In Minnesota’s implementation of the federal Every Student Succeeds Act, a student not participating in the statewide assessments will not receive an individual score and for the purpose of school and district accountability calculations, including opportunities for support and recognition, will not be considered “proficient.”
- Students who receive a college-ready score on the high school MCA are not required to take a remedial, noncredit course at a Minnesota State college or university in the corresponding subject area, potentially saving the student time and money.
- Educators and policy makers use information from assessments to make decisions about resources and support provided.
- Parents and the general public use assessment information to compare schools and make decisions about where to purchase a home or to enroll their children.
- School performance results that are publicly released and used by families and communities, are negatively impacted if students do not participate in assessments.
- English learners not taking ACCESS or Alternate ACCESS for ELLs will not receive a score to meet English learner program exiting criteria.

Academic Standards and Assessments

What are academic standards?

The Minnesota K–12 Academic Standards are the statewide expectations for student academic achievement. They identify the knowledge and skills that all students must achieve in a content area and are organized by grade level. School districts determine how students will meet the standards by developing courses and curriculum aligned to the academic standards.

What is the relationship between academic statewide assessments and the academic standards?

The statewide assessments in mathematics, reading, and science are used to measure whether students, and their school and district, are meeting the academic standards. Statewide assessments are one measure of how well students are doing on the content that is part of their daily instruction. It is also a measure of how well schools and districts are doing in aligning their curriculum and teaching the standards.

Why are these assessments effective?
Minnesota believes that in order to effectively measure what students are learning, testing needs to be more than answering multiple choice questions.

- To answer questions, students may need to type in answers, drag and drop images and words, or manipulate a graph or information.
- The Reading and Mathematics MCA are adaptive, which means the answers a student provides determine the next questions the student will answer.
- The Science MCA incorporates simulations, which require students to perform experiments in order to answer questions.

All of these provide students the opportunity to apply critical thinking needed for success in college and careers and show what they know and can do.

Are there limits on local testing?
As stated in Minnesota Statutes, section 120B.301, for students in grades 1–6, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 10 hours per school year. For students in grades 7–12, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 11 hours per school year. These limits do not include statewide testing.

In an effort to encourage transparency, the statute also requires a district or charter school, before the first day of each school year, to publish on its website a comprehensive calendar of standardized tests to be administered in the district or charter school during that school year. The calendar must provide the rationale for administering each assessment and indicate whether the assessment is a local option or required by state or federal law.

What if I choose not to have my student participate?
Parents/guardians have a right to not have their student participate in state-required standardized assessments. Minnesota Statutes require the department to provide information about statewide assessments to parents/guardians and include a form to complete if they refuse to have their student participate. This form follows on the next page and includes an area to note the reason for the refusal to participate. Your student’s district may require additional information.

A school or district may have additional consequences beyond those mentioned in this document for a student not participating in the state-required standardized assessments. There may also be consequences for not participating in assessments selected and administered at the local level. Please contact your school for more information regarding local decisions.

When do students take the assessments?
Each school sets their testing schedule within the state testing window. Contact your student’s school for information on specific testing days.

- The MCA and MTAS testing window begins in March and ends in May.
- The ACCESS and Alternate ACCESS for ELLs testing window begins at the end of January and ends in March.

When do I receive my student’s results?
Each summer, individual student reports are sent to school districts and are provided to families no later than fall conferences. The reports can be used to see your child’s progress and help guide future instruction.

How much time is spent on testing?
Statewide assessments are taken one time each year; the majority of students test online. On average, the amount of time spent taking statewide assessments is less than 1 percent of instructional time in a school year. The assessments are not timed and students can continue working as long as they need.

Why does it seem like my student is taking more tests?
The statewide required tests are limited to those outlined in this document. Many districts make local decisions to administer additional tests that the state does not require. Contact your district for more information.

Where do I get more information?
Students and families can find out more on our Statewide Testing page (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing).
Parent/Guardian Refusal for Student Participation in Statewide Assessments

To opt out of statewide assessments, the parent/guardian must complete this form and return it to the student’s school.

To best support school district planning, please submit this form to the student’s school no later than January 15 of the academic school year. For students who enroll after a statewide testing window begins, please submit the form within two weeks of enrollment. A new refusal form is required each year parents/guardians wish to opt the student out of statewide assessments.

Date__________________________(This form is only applicable for the 20____ to 20___ school year.)

Student’s Legal First Name_________________________ Student’s Legal Middle Initial_________________________

Student’s Legal Last Name_________________________ Student’s Date of Birth_________________________

Student’s District/School_________________________ Grade_________________________

Please initial to indicate you have received and reviewed information about statewide testing.

____ I received information on statewide assessments and choose to opt my student out. MDE provides the Parent/Guardian Guide and Refusal for Student Participation in Statewide Testing on the MDE website (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing).

Reason for refusal:

Please indicate the statewide assessment(s) you are opting the student out of this school year:

_____ MCA/MTAS Reading  _____ MCA/MTAS Science

_____ MCA/MTAS Mathematics  _____ ACCESS/Alternate ACCESS for ELLs

Contact your school or district for the form to opt out of local assessments.

I understand that by signing this form, my school and I may lose valuable information about how well my student is progressing academically. As a result, my student will not receive an individual score. Refusing to participate in statewide assessments may impact the school, district, and state’s efforts to equitably distribute resources and support student learning; for the purpose of school and district accountability calculations, my student will not be considered “proficient.”

If my student is in high school, I understand that by signing this form my student will not have an MCA score that could potentially save time and money by not having to take remedial, non-credit courses at a Minnesota State college or university.
