

Hi! I am Sandy Rice and I am starting my 25th year at BCHS. I am originally from Missoula but have lived in Dillon for 45 years. I attended UofM Missoula and Western Montana College graduating with a Business Education/Physical Education degree in 1973.

My husband, Mel, and I have been married 45 years and have two grown children. Our son, Chad, is an art instructor at Fernley High School in Fernley, Nevada. He is an artist and a musician. Our daughter, Kyla, is a 2nd grade teacher at the American School of Bombay in Mumbai, India. She is a world traveler.

We like to camp and fish and have hiked into most of the mountain lakes in Beaverhead County. We have been fortunate to have experienced a number of foreign countries and enjoy learning about all the different cultures.

Here at BCHS, I am a Title One teacher (Skills Lab) and an aide in the Special Education Department. You can contact me by email at srice@bchsmt.com.
