

DEAR SCHOOL LEADERS: Families at your school can save on their internet bills through the Affordable Connectivity Program

High-speed internet is a necessity – especially for students. That’s why the Bipartisan Infrastructure Law created the Affordable Connectivity Program (ACP) to lower internet costs for families. ACP provides eligible households:

- Up to \$30/month off their internet bills (or \$75/month on Tribal lands), and
- A one-time \$100 discount off a laptop, tablet, or computer.

Tens of millions of families are eligible but have not yet claimed their benefit. A family is eligible if any *one* of the following applies:

- A child participates in the Free and Reduced-Price School Lunch or Breakfast program, including at Community Eligibility Provision schools
- The household’s income is 200% of the Federal Poverty Guidelines or less (\$60,000 for a family of four)
- A member of the household participates in certain other federal programs, like Medicaid or SNAP; OR
- The household meets the eligibility criteria for a participating provider’s existing low-income plan.

Many internet service providers offer high-speed plans that are fully covered by ACP – meaning millions of families can now get high-speed internet without paying a dime.

[GetInternet.gov](https://www.getinternet.gov) is a one-stop shop to check eligibility and sign up.
Families can also call 877-384-2575 for more ways to apply.

How to help spread the word at your school:

1. **Send home backpack flyers letting families know about ACP and [GetInternet.gov](https://www.getinternet.gov).** Direct outreach to eligible households is the best way to support enrollment. A sample backpack flyer is enclosed.
2. **Include reminders in other communications to families.** When communicating with families, a simple “P.S.” about ACP and [GetInternet.gov](https://www.getinternet.gov) is an easy way to raise awareness.
3. **Host digital navigators at school events that students and families attend.** Many local organizations – like nonprofits and libraries – are digital navigators who can help families sign up.
4. **Include a link to [GetInternet.gov](https://www.getinternet.gov) on school websites that students and families use frequently** – for example, your school’s homepage or websites that students use to access class resources.
5. **Spread the word through social media, text messages, bulletin boards, or other channels.** Example messages:
 - “Hey Mesa, the Affordable Connectivity Program offers eligible households \$30 off your internet bill. To learn more, visit [GetInternet.gov](https://www.getinternet.gov) or contact your internet service provider!” – text from Mesa, Arizona to city residents
 - “Since you get SNAP, you can also get \$30 off your monthly internet bill and \$100 off a laptop, tablet, or computer through a federal program called the Affordable Connectivity Program. Learn more & apply: [www.GetInternet.gov](https://www.getinternet.gov)” – text from Massachusetts to SNAP clients
 - Example social media posts in [English](#) and [Spanish](#)

DEAR PARENT: Visit GetInternet.gov today to check your family's eligibility for \$30 off your monthly internet bill and to sign up to save!

High-speed internet is a necessity – especially for students. That's why the Bipartisan Infrastructure Law created the Affordable Connectivity Program (ACP) to lower internet costs. ACP provides:

- Up to \$30/month off your household's internet bills (or \$75/month on Tribal lands), and
- A one-time \$100 discount off a laptop, tablet, or computer.

Many internet service providers across the country offer high-speed internet plans that are fully covered by ACP – so millions of families can now get high-speed internet without paying a dime.

Is my family eligible to save on our internet bill?

Tens of millions of U.S. households are eligible for ACP. You are eligible if any *one* of these applies:

- A member of your household participates in:
 - Free and Reduced-Price School Lunch or Breakfast Program
 - Includes Community Eligibility Provision schools (which serve meals at no cost to all students)
 - Supplemental Nutrition Assistance Program (SNAP)
 - Medicaid
 - Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)
 - Supplemental Security Income (SSI)
 - Federal Public Housing Assistance
 - Veterans Pension and Survivors Benefit
 - Federal Pell Grant (current year)
 - Tribal assistance programs, including: Bureau of Indian Affairs General Assistance, Tribal Head Start (if meeting the relevant income qualifying standard), Tribal Temporary Assistance for Needy Families (Tribal TANF), Food Distribution Program on Indian Reservations
- Your household income is 200% of the Federal Poverty Guidelines or less (\$60,000 for a family of four), OR
- Your household qualifies for a participating provider's existing low-income plan.

How do I enroll?

- Step 1: Claim your ACP benefit by visiting GetInternet.gov to submit an application or to print out a mail-in application, contact a participating internet service provider, or call 877-384-2575 to learn more.
- Step 2: Contact a participating internet service provider to choose an internet plan.

Which providers offer fully covered plans?

Here are providers offering high-speed internet plans that are fully covered – so you have no out-of-pocket cost:
