## 2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### PRINCIPAL'S MESSAGE

The purpose of the School Accountability Report Card is to provide parents with information about Day Creek Intermediate School's instructional programs, academic achievement, materials, facilities, and staff. Day Creek Intermediate School has an ongoing tradition of academic excellence and welcomes this opportunity to tell you more about us.

The staff at Day Creek Intermediate School believes every child is unique and deserving of a rich educational environment. Our developmental, student-centered program design offers caring teachers who possess a strong professional concern for all students at all ability levels; multiple programs to support developing adolescents; and culturally diverse, mixed-ability classrooms where students feel comfortable engaging in learning from one another. Each student has access to a rigorous core curriculum in language arts, mathematics, science, and social science.

Our mission statement, "Developing intellectual, personal and social abilities, creating an atmosphere of acceptance and honor, instilling respect and appreciation for the arts and humanities, and supporting students in their quest for academic excellence," reflects our vision that failure is not an option. We believe in a student-centered approach that provides an atmosphere in which a child's social, emotional, and intellectual needs are equally important. All students have special talents and are given opportunities to develop those talents. Parents and the community play a very important role in the school. Understanding the school's educational program, student achievement, and curriculum development can assist both the school and the community in ongoing program improvement.

### DISTRICT & SCHOOL PROFILE

Etiwanda School District serves over 14,000 TK-8 students residing in the cities of Rancho Cucamonga, Fontana, Alta Loma, and Etiwanda. The district currently operates thirteen TK-5 elementary schools and four intermediate schools (grades 6-8) and a Community Day School. Etiwanda's graduating eighth-grade students are served by Chaffey Joint Union High School District for grades 9-12. Homeschooling programs, preschool programs, and child care are provided at some schools within the district. More information is available on the district website or by contacting the district office at (909) 899-2451.

The district's commitment to excellence is achieved through a team of professionals dedicated to delivering a challenging, high-quality educational program. Etiwanda School District appreciates the outstanding reputation it has achieved in local and neighboring communities. Consistent success in meeting student performance goals is directly attributed to the district's

## 2022-23 School Overview

energetic teaching staff and strong parent and community support.

Day Creek Intermediate is one of Etiwanda's newer schools located in the northwest quadrant of the district boundaries educating students in sixth, seventh, and eighth grades. During the 2020-2021 school year, about 1,200 students residing in the city of Etiwanda were enrolled. Day Creek Intermediate places a great emphasis on positive self-image as well as on education. School staff is committed to providing students with the necessary skills to be productive in high school, college, and future careers. Day Creek has been named a California Distinguished School and National Blue Ribbon School of Excellence.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum throughout the Etiwanda School District are aligned with the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education (SBE).

LEAs are required to hold an annual public hearing by the end of the eighth week from the first day pupils attend school for that year. At the public hearing, the governing board must determine, by resolution, whether each pupil in the district has sufficient textbooks or instructional materials, or both, in reading/language arts, including the English language development component of an adopted program, science, mathematics, and history-social science that are aligned to the State's content standards and consistent with the curriculum frameworks.

On September 22, 2022, the Etiwanda School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2223-18 stating the Etiwanda School District certifies that each pupil, including each English learner, has sufficient textbooks or instructional materials which are aligned to the state content standards adopted pursuant to Education Code 60605 and/or the Common Core Standards adopted pursuant to Education Code 60605.8 in the following subjects: mathematics, English language arts (including an English language development component), science, and history-social science.

## School Facility Conditions and Planned Improvements

Day Creek Intermediate provides a safe and clean environment for learning through proper facilities maintenance and campus supervision. Original school buildings were constructed in 2004. Ongoing maintenance ensures school facilities are kept safe, in good working condition, and continue to provide adequate space for students and staff.

Day Creek Intermediate is proud of its high standards regarding campus maintenance and general housekeeping practices. Staff and students enjoy the benefits of having a well-maintained and beautiful campus.

School staff and the maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained. Maintenance and Operations (M&O) oversees a work order process enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Work orders are prepared and submitted to M&O through the collective efforts of the school secretary, clerk, and custodian. Emergency situations are given high priority and resolved immediately by site or district custodial staff.

The principal and day custodian communicate daily on an informal basis to discuss campus maintenance and safety concerns. Etiwanda School District's director of maintenance and operations (M&O) meets with the principal once a month to discuss maintenance-related issues associated with campus upkeep, safety, classroom space, equipment, upcoming events, work orders (submitted and outstanding), and special requests. The director of M&O then meets with the custodian to conduct a comprehensive inspection of the school site, and a summary of the inspection findings is forwarded to the principal.

Schools are required by state law to conduct a formal inspection annually of designated areas and systems and then prepare a report of the current condition of facilities. The School Site Inspection table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas.

Day Creek Intermediate's custodial staff are qualified and equipped to handle routine cleaning needs, general maintenance, and minor repairs. M&O provides formal training twice a year on the proper use of equipment, cleaning procedures, and chemical usage. One full-time day custodian and one full-time afternoon custodian are responsible for keeping the campus clean and fully operational. The custodian's daily routine includes cleaning the staff lounge, stocking student restrooms, and cleaning the cafeteria after meals are served. Every morning before school begins, the day custodian inspects school facilities for safety hazards and maintenance issues that require attention before staff and students arrive on campus. Any graffiti or signs of vandalism are removed immediately.

A professional janitorial service is responsible for thoroughly cleaning classrooms and restrooms during the evenings. The district office dispatches a team of groundskeepers each week to maintain Day Creek Intermediate's landscaping and irrigation systems.

Etiwanda School District participates in the State School Deferred Maintenance Program which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. These repairs typically include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	82	N/A	68	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	74	N/A	56	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are encouraged to be involved in their child's learning process by attending school events, serving on school committees, and volunteering at the school. The staff welcomes parent assistance in the classroom and library as well as chaperoning field trips and school events. Back to School Night, Open House, Renaissance recognition events, student performances, Family Fun Nights, Family Education Nights, Halloween Bash, 8th Grade Picnic, and PTSO-sponsored activities provide opportunities for parents to interact with school staff and other families in their community while supporting their child's efforts. The School Site Council (SSC), Parent Teacher Student Organization (PTSO), GATE (Gifted and Talented Education), LCAP (Local Control and Accountability Plan) Advisory Committee, and African American Parent and Educator Advisory Committee (AAPEAC) enable parents to provide oversight and input on the school budget, activities, and educational programs. Parents who would like to get more involved or volunteer their time may contact the school office at (909) 803-3300.

School-to-home communication takes place in a variety of formats. Every six weeks along with grades and progress reports, the school issues a newsletter featuring a message from the principal, upcoming events, a PTSO report, helpful tips for parents, and informative educational articles. The school website is a valuable resource for general information about the school, activities, programs, schedules, and staff. An automated telephone system enables school staff to quickly contact parents for urgent and important announcements, and occasionally, flyers and letters are sent home for special announcements. The district maintains an online mailing list for parents who wish to receive email announcements and messages related to Day Creek Intermediate and the district.

The formula we use to ensure academic success is everyone takes responsibility for every student. Students monitor their academic progress in core classes online through their Aeries.net accounts and organize their homework and assignment due dates with PACK planner calendars. Parents monitor their child's academic progress through online Aeries.net accounts, weekly classroom folders that include graded work, email, and parent-student-teacher conferences. Teachers are available to meet with students and parents before, during, and after school; and 100% of our teachers maintain teacher websites and use school email. Administrators are regularly in classrooms observing students at work and offering feedback and positive comments. Students in jeopardy of failing classes meet with their parents and teachers to complete an Individual Remediation Plan (IRP) which maps out student, school, and home interventions which may include credit recovery or extra support from our Student Services Assistant.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
<b>Suspensions</b>	1.24	0.57	2.45
<b>Expulsions</b>	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

The Comprehensive School Site Safety Plan (CSSP) has been developed in collaboration with school staff and District administration to fulfill Senate Bill 187 requirements. Components of this plan include, but are not limited to, child abuse reporting protocols, teacher notification of dangerous pupil incidents, disaster response, sexual harassment policies, dress code, and safe arrival/departure procedures. The CSSP is annually reviewed, updated, and approved by local law enforcement, the fire department, school staff, and the school site council.

Professional Development

The professional development provided and sponsored by the Etiwanda School District is aligned with federal and state accountability requirements, the Local Control Accountability Plan (LCAP), California state content standards, and student assessment data. Professional learning is planned and calibrated through the California Department of Education Quality Professional Learning Standards. With intentional connections to the Etiwanda School District Strategic Priorities and Initiatives, all certificated staff are supported through multiple district-sponsored professional development opportunities including full-day, after-school, and school site staff meeting training sessions. In addition, all educators have the option to utilize grade-level collaboration and planning support as well as in-class support from the Etiwanda Professional Development Team. All staff members are encouraged to attend additional non-district- sponsored workshops and conferences, including opportunities sponsored by the San Bernardino County Superintendent of Schools to support identified areas of need, growth, or interest.

New teachers are enrolled in the ESD Induction Program, a state-sponsored program designed for first- and second-year preliminary credentialed teachers. Comprehensive skills enhancement training is provided over two years. Candidates attend specific sessions related to the implementation of district technologies, assessments, and scope and sequences. In addition, prior to the start of the school year, new teachers attend sessions on equity through culturally and linguistically responsive teaching and learning, special populations, classroom management, and pedagogical approaches and practices. Targeted professional development is also provided based on a candidate's individual learning plan. Monthly induction support meetings focus on implementation and growth within the California Standards for the Teaching Profession.

The Etiwanda School District recognizes the impact of all employees; therefore, it ensures that paraprofessionals, classified, and non-instructional staff are prepared and supported for the work they execute with yearly staff notifications, staff development, and staff meetings. Additional professional development for all staff includes culturally responsive practices when engaging with colleagues and students.
