

EAST FELICITATIONS

A Celebration of our #HomegrownPride in East Feliciana Public Schools

Accepting Applications for the East Feliciana Public Schools 6th Grade STEAM Academy

Application Due
Date Extended
Apply Today!

Why STEAM?

- Students want more hands-on learning opportunities and have a strong interest in the arts.
- Families want their children to have a clear plan for the future.
- Many STEAM careers will emerge in East Feliciana Parish in the next ten years. We want our children to be prepared for these careers and to be leaders in our community.

What is the STEAM Academy?

- A complete, full-day academic program for all East Feliciana families with children entering 6th grade during the 2022-2023 school year.
- Located at 9414 Plank Road in Clinton in a remodeled and reimagined STEAM-specific learning environment.
- An opportunity for students to explore a wide variety of STEAM fields and topics through project-based learning.
- Preparation for students to enter 9th grade ready to choose a specific thematic pathway to follow throughout high school

Apply online ASAP!
