# Snapshots of Learning

Above: EFHS junior Tyelin Brown applies critical thinking skills to identify the appropriate figures and formulas to solve geometry problems.

Below: EFMS student Quendrell Underwood leads his science class in calculating average molecular speed.

At left: East Feliciana Enrichment Academy student ZyQuan Queen engages with a simulation of chemical reactions using Amplify Science curriculum materials.

*in East Feliciana  
Public Schools*

This weekend, the East Feliciana High School boys basketball team defeated the Capitol Lions and the Dunham Tigers to win the Class 2A District 6 tournament. This is the first boys basketball district championship in EFHS history. Check out this week's "A Look Ahead" for your opportunities to support the Tigers this week, and stay tuned to EFHS social media for information about the upcoming playoffs!

## *SES Pre-K Hosts Special Visitors*

As part of learning about community helpers, Pre-K students at SES had the chance this week to meet a state trooper and a parent who is a member of the Army National Guard.

## *Developing Writers at CES*

As part of their English language arts Guidebooks curriculum, students in East Feliciana Public Schools respond to texts they read with their own writing. At right, Clinton Elementary School students in Ms. Corey's 4th grade class and Ms. Matthews' 5th grade class respond to feedback about their writing.
