EAST FELICITATIONS

Celebrating our #HomegrownPride in East Feliciana Public Schools

STEM Family Fun at EFMS

East Feliciana Middle School students enrolled in Introduction to STEM Pathways and Careers hosted a Family STEM Night at EFMS. Guests of all ages had the opportunity to conduct experiments and create products across the disciplines of science, technology, engineering, and mathematics. Students successfully completing this course will earn high school credit. As part of our participation in the Reimagine School Systems initiative, East Feliciana Public Schools are building a comprehensive continuum of STEM learning across all grade levels.

Building Community Partnerships at EFHS

The Alexander Stirling Chapter of the Daughters of the American Revolution offered new teachers in East Feliciana Public Schools the opportunity to apply for a mini-grant for supplies and materials to support student learning in their classroom. Congratulations to Deidre Davis, exceptional student services teacher at East Feliciana High School, whose classroom was selected based on her application. Building strong partnerships with community organizations like the DAR is a priority of East Feliciana Public Schools' strategic plan.

A Look Ahead

Women's History Month
March

EFHS Baseball
@ Family Christian
Mon, Mar. 27 @ 4:00 PM
v. Capitol
Thu, Mar. 30 @ 4 PM
v. Port Allen

Fri, Apr. 7 - Fri, Apr. 14

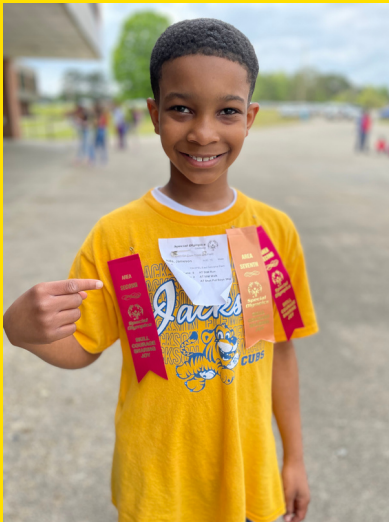

Staff Applications for EF Accelerate 21st CCLC Summer Program Due
Mon, Apr. 17

Students Dismissed at 11:30 AM
Tue, May 16 - Thu, May 18

Our District Calendar

Special Olympics Spotlight

This week, students from Clinton Elementary School, Jackson Elementary, East Feliciana Middle School, and East Feliciana High School had the opportunity to compete in the Special Olympics Louisiana - Capital Area track and field meet. Congratulations to these athletes for representing East Feliciana Public Schools with #HomegrownPride!

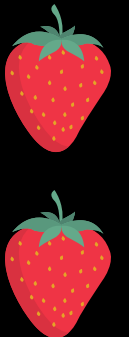

Vaping Awareness at EFMS

Students at East Feliciana Middle School had the opportunity to hear a presentation from Pete Jory, a representative with the organization I CARE, to make them more aware of the dangers of vaping. After the presentation, students were able to ask questions to Mr. Jory. For support in empowering your child to be vape free, check out this [parent toolkit](#).

To celebrate great behavior and build positive community, the Positive Behavior Interventions and Supports (PBIS) team at Jackson Elementary School hosted a "Taste of Louisiana Festival." Each grade level provided a tasty treat from one of Louisiana's famous festivals, including the Crawfish Festival, the Jambalaya Festival, Jazz Fest, the Strawberry Festival, the Peach Festival, the Rice Festival, the Fried Chicken Festival, Mardi Gras, and the Sugar Cane Festival.

The Jackson Elementary School PBIS team also recently hosted a "March Madness" teacher and student basketball game as a celebration of great behavior. Special thanks to East Feliciana High School athletic director Cedric Anderson for arranging the use of the EFHS gym and to members of the EFHS boys' basketball team for refereeing the game!

EFHS Class of 2024 Rings in the Future

East Feliciana High School hosted their annual Junior Ring Ceremony for the Class of 2024. This important event is a celebration of students' accomplishments in high school so far and marks a critical moment in the journey towards graduation. Graduation rates at East Feliciana High School consistently exceed the state average.

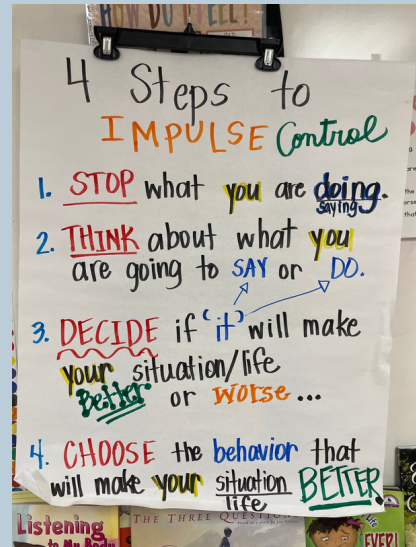

Problem-Based Learning at EF STEAM

After the recent cold front led to the loss of the first set of tomatoes, students and teachers at the East Feliciana STEAM Academy recently replanted their new raised beds with squash and tomatoes.

Building Real-Life Problem Solving Skills at SES

Students at Slaughter Elementary School recently practiced their social and emotional learning skills through an opportunity connected to literature. Students read real life scenarios related to impulse control and collaborated to determine which steps would have changed the outcome. These real life connections support students in continuing to develop life-long social and emotional skills.

Social and
Emotional Learning
Spotlight

Springing into Creativity!

To celebrate St. Patrick's Day, JES students made both edible and wearable art during Ms. Cannon's art classes.
