# Celebrating AgMagic!

In partnership with the LSU AgCenter, the Louisiana College of Agriculture, and Louisiana 4-H, Students at Jackson Elementary School had the opportunity to visit the Parker Coliseum on the campus of LSU in Baton Rouge to participate in AgMagic. This interactive, visually stimulation educational journey through Louisiana agriculture allows students to see, explore, and learn about agriculture and the environment as well as the important role each plays in our daily lives.

## *Supporting Students and Families to Prepare for the Future*

The Exceptional Student Services department hosted their annual Transition Open House on March 28, 2023 at East Feliciana High School. Students, parents and community members attended the event aimed at connecting families to self-advocacy, independent living, employment opportunities, and other supports. Agencies and providers talked one-on-one with parents and students seeking options to help students transition into careers and life after graduation. The goal of the Transition Open House was to make sure parents in East Feliciana Public Schools have every opportunity to be informed and advocate for their child and to empower students for self-advocacy. The ESS Department thanks all the providers and agencies that attended this event and helped our students be a step closer to transition!

Participants included Baton Rouge Community College; Acadian Ambulance; Capital Area Developmental Disabilities; Families Helping Families; Educational Talent Search Program of Southern University and A&M College; Dixon Correction Institute; Upward Bound Program of Baton Rouge Community College and Southern University; Pelican State Credit Union; Eastern Louisiana Mental Health System; and Louisiana National Guard Youth Challenge Program

## **Goat Yoga at Barn Hill Preserve**
