

Hello and welcome to the start of Freshman Year! Jostens met with the Freshman class last week to discuss Commitment to Graduate and Class Jewelry. Your student received a jewelry design kit to customize their jewelry to represent what inspires them and their 4 year High School Experience. It is part of the school tradition for students to place their orders together as a class Sophomore year. Your student will have the opportunity to place their order this week!

If you have any questions, please contact Jostens – 217-531-7832. Students can design their custom jewelry online at www.jostens.com At the end of the design, just print off the order form to bring in on order day or fill out the form in the packet. We will size your finger and process your order with your down payment. Check out the interest free payment options on the back of the ring design kit. Jostens will be at the High School to collect orders on:

5 TRUTHS YOUR STUDENT TOLD YOU THAT YOU DID NOT BELIEVE ARE TRUE..... BUT THEY ARE!

- 1) I'M SUPPOSED TO BUY MY RING THIS YEAR: While parents may have received your class ring as a junior or senior, schools now want their students in the process earlier. The school selects the class that they wish to take part in the class ring tradition, and for your school, your time is now!
- 2) JESSICA SAID SHE WILL RESIZE MY RING FOREVER: While I may not personally be the one handling the Sizing, every Jostens ring comes with a Limited Lifetime Warranty which covers resizing....which is a big deal if you've ever had a ring resized and paid \$40 or more to have it done. The warranty is good not only for "our" lifetimes, but the lifetime of the ring. FREE FOREVER!
- 3) JESSICA SAID I CAN DESIGN IT HOWEVER I WANT.....FOR FREE: I did say that (kind of). Each ring is fully customizable, as we know the ring means more to the students if they are personalized as much as possible. The only customization we need to charge for are the diamonds (understandable, right?) and

the Pro-Sport designs (which are trademarked and licensed) and genuine stones. Everything else (side designs, stone cuts, engravings, etc) is free.

4) I DON'T HAVE TO WORRY ABOUT LOSING IT BECAUSE IT IS INSURED: That's right! In addition to the

Lifetime Limited Warranty, each ring is covered by our protection plan against loss or theft. While still in school, your ring can be replaced for a nominal fee (considerably less than the original price). For more information on how to extend that protection to 10 Years, visit us at www.jostens.com. Hopefully it never happens....but in case it does!

5) I CAN CHANGE MY SIDE DESIGN IF I CHANGE MY ACTIVITIES: Absolutely! We want every student's story to be correct on their ring all of the time. We also understand that their interests may change before they graduate. One time while they are in school, we will allow them to have a new ring made if their interests change and they would like that reflected on the side of their ring. I encourage them to design their ring with what is most important to them now. Worry-Free! For more information, visit us at www.jostens.com.

No Subscriptions, No Monthly Fees, No Data Packages, No Upgrade.....Ever! That's VALUE! I look forward to helping your student design and create their own personal piece of history. Please let me know if I can be of any additional assistance as you and your student enjoy this time-honored tradition.
