Title:

School District Goals

District Academic Goals:

1. All students shall successfully complete every grade level and every course; demonstrate proficiency on local, state and national assessments; and demonstrate academic growth according to each student's potential.
2. We will eliminate the gaps in student achievement between the groups of students identified on the State Report Card.
3. We will annually increase the percentage of students who participate and succeed in the most rigorous curriculum available.

District Goal for School Culture and Climate:

We will create a positive learning environment where all students, staff, parents and other stakeholders feel valued, safe, appreciated and respected.
