

Important News from
Linden Community Schools Food Service Department

With the elimination of the free meals for all students through the USDA, filling out free and reduced meal applications, and depositing money are now concerns again. Fortunately we have a solution.

www.familyportal.cloud

We are asking that you register an account using the above link, once approved (a click of the mouse on my end) you will be up and going able to deposit money onto your child/children's lunch accounts and also submit free and reduced meal applications.

If you have any questions feel free to call me @ 810-591-0435

Thank You,

Michele Lubahn

Food Service Coordinator
