Linden Community School Parents,

The start of the 2023-2024 school year is fast approaching. As part of the start of every school year, we ask parents to update the information on file for their student. The **2023-2024 CURRENT Student Information Update** task is open in the *Online Registration* feature of the ParentVue portal. Confirming/updating your student's information is **REQUIRED** by the start of the new school year for ALL students attending Linden Community Schools.

Using the **ParentVue** portal, parents and guardians have the ability to electronically sign Handbook Acknowledgements, Acceptable Use Policies, and other documents. Parents are also able to update student Demographic Information, Emergency Contact Information, Medical and Health information, as well as transportation needs. This process takes about 10 minutes. It is important that we have current information for each student enrolled.

Additionally, **6th through 12th grade students** are also **REQUIRED** to use the StudentVue portal to electronically sign mandatory forms.

Below are screenshots to assist in navigating from the **LCS website** to the ParentVue portal.
