Are your district, school, and classrooms ready for the new iLearn assessment?

Come join EdgED Consulting to learn the latest details about Indiana's new computer adaptive assessment. Discover how to develop curriculum, assessment, and review tools to ensure your students are prepared.

On the first day participants will learn new instructional strategies and be able to align instruction to iLearn. A personalized review plan for student success shared on day two will help participants make sure that their districts are prepared for the new assessment.
