

CAREER & TECHNICAL EDUCATION

*What is
Career and
Technical
Education?*

Emphasizing Career and Technical Education helps promote student success. It outlines potential career paths for students and teaches them key employment skills that are valued by businesses globally. Additionally, it molds 21st Century skills and illustrates civic responsibility. CTE programs are shaping our future leaders and our future economies by incorporating work-based learning and emphasizing business knowledge. Unity School District is proud to be a regional CTE leader that is using personalized learning paths to showcase the strengths of every student.

*How are
we raising
the bar?*

Career and technical education is a primary focus at the Unity School District. The CTE team combines local business partnerships with rigorous curriculum in order to promote college and career readiness for every student. Our CTE team offers courses that range from Computer-aided Design class to Personal Financing and Wildlife Management. The CTE team is able to incorporate technology by utilizing programs like Photoshop, Excel, and Microsoft Office Suite. Our CTE team prepares students for careers that range from agricultural work to accounting and business services.

CAREER & TECHNICAL EDUCATION

“EXPECT GREAT THINGS”

*Want to
learn
more?*

Specific questions regarding our Career and Technical Education course offerings and the expansion of our program should be directed to the High School Principal, Jason Cress. He can be reached at (715) 825-3515 EX. 1400 or be e-mail at jcress@unity.k12.wi.us.
