School Goals

As a personalized learning school, we believe that every student is unique with their own approach towards learning and that an effective school must provide a variety of quality educational choices and options to meet the varying needs and goals of individual students. All students have a personalized learning plan. Even with the challenges of the last 2 years, our staff has rallied around our students to support their success. We are at or above state averages for On-Track to graduate, On-time Graduation, & Five-Year Completion.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

As a small school, we have worked to make sure all students feel safe while on campus, by implementing protocols for entry into our buildings along cleaning and sanitizing procedures. Every student is ensured to have a competent and caring adult they are contacting daily. Our Student Intervention Team encourages all of our students to speak up when they see bullying. All students are viewed with a lense of equity.
