Policy Title: _____ Audit Committee _____ Code No: 804.4b

The Board recognizes that it is charged with raising tax revenues and related expenditures to maintain the educational program for the school district. Public funds are held in trust by the Board to be spent appropriately on the educational program. To further ensure funds are spent appropriately, the Board establishes an audit committee to assist the Board on internal financial matters and with the annual audit.

The audit committee chair is selected by the Board. This committee will meet as directed by its chair or upon the request of the Superintendent.
