## **School Nurse Services (eCARE) 2023-24**

Dear Parents/Guardian and South Heart Staff,

As you know, students need to be healthy to learn. In response to this need, South Heart School has chosen to continue its partnership with the ND eCare School Health Program to provide school health services. The ND eCARE School Health Program offers all day access to an experienced school nurse through a two-way video/audio technology.

The interaction between the School Health e-nurse and the student will be very similar to having a school nurse providing care on-site. With the assistance of school staff, the school nurse will visit with and assess the health needs of your child. If further care or treatment is needed, the school nurse will notify the parent of the outcome and together will decide the best options for the student.

South Heart School will be providing this service to all students free of charge with the goal to keep students healthy and learning.

If you have any questions, please call South Heart School or the eCARE School Health Office.

Have a happy and healthy school year!!

Mr. Calvin Dean, Superintendent  
South Heart Public School

Sheila Freed, R.N.  
Avel eCARE School Health Director
