South Heart School Rural Bus Transportation Request 2023-24

Dear Parents:

South Heart School is asking for your assistance regarding rural bus route transportation needs for students for the 2023-24 school year. This information will help us make decisions about bus routes for the 2023-24 school year. Our intent is to determine the most cost-effective way to transport students to/from school each day that also minimizes riding time on the bus for students.

We have several out-of-town students who drive or ride with parents to/from school every day. Those students not needing transportation will be removed from routes for the upcoming school year. Please return this form to South Heart School no later than Friday, August 11 2023. Thank you!
