2022-23 Digital Equity Survey

Dear Parent(s)/Guardian(s):

Collecting accurate data regarding digital resource access for our New York students will greatly help educators to better serve their students and families. In order to accomplish this, the New York State Education Department is asking parents or guardians to complete a Digital Equity survey (***one for each student in the family***) in grades Pre-Kindergarten – Grade 12. This survey will provide information on student access to devices and internet access in their places of residence. To assist us in this process, please answer each question of this survey. ***Please return the survey to school by Friday, December 2, 2022.***

Thank you for your time and cooperation.
