Growing Through Excellence

Parents,

Clark-Pleasant Community School Corporation continues to celebrate performance. The state publicly released 2018 ISTEP scores this week. In recent years the ISTEP assessment has changed a great deal as it assesses skills at a much higher level. The constant change in format and content on the tests makes it difficult to compare from one year to the next. CPCSC has been tracking performance as compared to other schools in Indiana. The attached graphic representation is a percentile comparison that highlights our rising ISTEP scores as compared to state data.

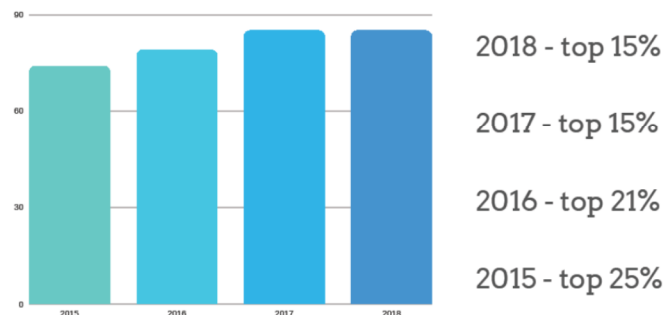

At Clark Elementary, we want every single child to be successful and to achieve at high levels. With that mindset, we are constantly driven to establish goals. We utilize our Essential Learnings and scales to track grade level performance. Meeting and exceeding these goals increases student ownership in their learning. The more success we see in their daily learning, the more we will continue to see the correlation with improved scores on standardized tests and local assessments.

Thank you for all you do to support your child's learning. Together we will continue to celebrate Excellence!

Sincerely,
Jenni Baker, Principal
Kurt Saugstad, Assistant Principal

Strong ISTEP Performance by CPCSC

Steadily rising ISTEP scores have landed Clark-Pleasant Community Schools among the top in the state.

Total of 370 public and public charter school districts

Source: IDOE grades 3-8 ISTEP percent passing both language arts & math
