

An Act Amending the Charter of the Boothbay-Boothbay Harbor Community School District to Require that District to Provide and Fund Pupil Transportation.

~~Repealed by Chapter 10 of the Acts of the Legislature of the State of Maine, 1974.~~

Emergency preamble. Whereas, Acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the Boothbay-Boothbay Harbor Community School District charter presently provides that transportation shall be provided by the respective towns for students in the Boothbay-Boothbay Harbor Community School District; and

Whereas, the Boothbay-Boothbay Harbor Community School District was expanded effective July 1, 1974 to include grades kindergarten through 8; and

Whereas, due to transportation subsidy funding under L. D. 1994, the Boothbay-Boothbay Harbor Community School District has paid transportation costs since July 1, 1974; and

Whereas, it would create a hardship for the respective towns and the Boothbay-Boothbay Harbor Community School District to jointly provide administration/for the transportation of pupils; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine, as follows:

P&SL 1953, c. 156, §9, 3rd sentence is repealed and the following enacted in place thereof:

Transportation of pupils shall be provided by the district as provided by law and the expenditure for transportation shall be considered an expense of operation of the schools.

Emergency clause. In view of the emergency cited in the preamble, this Act shall take effect when approved and shall be retroactive to July 1, 1974.

Dear Mr. Shibles:

This will respond to your letter of January 15, 1969. I spent considerable time reviewing the Boothbay - Boothbay Harbor Community School District Charter with particular respect to what changes ought to be made in order to have it meet with a uniform fiscal July 1 - June 30 fiscal year established by general law. It seems to me that the proposed legislation represented by Legislative Document No. 106 is quite inadequate. It provides no means for budgeting the interim period between the end of an existing fiscal year and the beginning of a new fiscal year on July 1, nor means whereby to finance expenses during that interim period and raises the possibility of having to raise taxes to pay more than 18 months expenses in a 12 month period. Furthermore, Asa Gordon thinks this bill has little chance of enactment.

I have concluded that it would not be wise to try to amend the Community School District Charter at this time so as to adapt to changes enacted by any general legislation, the terms of which can not now be known.

You have, however, informed me that whatever the charter language may appear to require, the District in fact operates on a September 1 - August 31 budget year and that assessment of taxes for that budget is made in the Spring according to directions in the Charter. Under these circumstances, it ought to be possible to move the district's September - August budget year ahead by two months without noticeable stress or strain on the participating towns. To that end I have undertaken to redraft the proposed legislation to change the fiscal year to July 1 - June 30 and to have effect other changes in the Community School District Charter (including those covered in the draft legislation that accompanied your letter). That seems to be warranted. Some are merely minor changes. However, I think the borrowing capacity of the district should be increased so that it is possible in future years for the district to borrow the sums necessary to carry on the enlarged district functions. The enclosed draft includes a change upward in the limit of the district's borrowing capacity. Furthermore

School Union No. 49

the current municipal market has persuaded those of us who deal in these matters on a day-to-day basis, that a fixed statutory ceiling on the interest which can be legally paid is no longer sensible. One of my suggestions proposes eliminating it.

I would be interested in your comments and suggestions with respect to the enclosed draft.

Very truly yours,

Warren E. Carley

He shall have the same duties, powers and responsibilities with respect to said school and its committee as are prescribed by law for public school superintendents.

Sec. 11. Annual reports of the trustees and the committee. The fiscal year of the district shall be the calendar year. At the close of the fiscal year and not later than January 15, the trustees and the committee shall make a detailed and joint report of their doings showing the financial condition of said district, the physical condition of said school building or buildings and also such other matters pertaining to the district, its operation and its educational program as shall show the inhabitants of the district how said trustees and said committee are fulfilling the duties and obligations of their respective trusts. There shall be included in such report a proposed capital budget and a proposed operating budget for the community school district for the current year. Duplicate copies of said reports shall be made, attested by at least a majority of trustees and of the committee and filed with the municipal officers of each participating town. Copies of such report may be distributed to the inhabitants of the district by the respective participating towns in the same manner and form as is provided for town reports or may be included as a part of the reports in the respective towns; provided, however, that the same shall be distributed not later than the 1st day of February in each year. Provisions for payment of the cost of printing and distributing such report shall be included in the operating budget. *Sec 4*
Sec 5

Sec. 12. Adoption of annual capital budget; apportionment of cost of participating towns. The voters of the district at each annual meeting shall determine and shall include in a capital budget to be then adopted, the sum, not less than the amount prescribed by general law, which is necessary to meet the necessary capital expenses for the current year including the amount required to meet payments due in said year of the principal of or interest on indebtedness of the district other than temporary notes issued in anticipation of taxes. Said voters may determine and include in said capital budget the sum, if any, to be set aside in the current year for a capital reserve fund; provided, however, that the amount which may be set aside in any one year shall not exceed \$12,500. Any appropriation so set aside shall be carried on the books of the district as a separate item to be known as the capital reserve account and deposited or invested by the treasurer of the board of trustees in the same manner as is provided by law for town or county capital reserve funds; and expenditures from such funds shall only be for or in connection with a capital expense as hereinbefore

described and as authorized by the voters of the district. Said voters may also determine and include in said capital budget an amount estimated to be sufficient to meet payments of the interest on or principal of indebtedness of the district (other than temporary notes in anticipation of taxes) expected to be payable in such year on account of indebtedness expected to be incurred in such year but not outstanding at the time said budget is adopted. The total sum required to meet the capital expenses as set forth, less the amount of funds from other sources available to meet the same, shall be apportioned to the participating towns by the trustees, in proportion to the maximum membership in the community school of pupils from each such town during the school year ending the preceding June; provided, however, that until the community school has been in operation for 1 full school year, such apportionment shall be based on the maximum membership of pupils from each such town attending the Boothbay Harbor High School during the preceding school year and, provided further, that no more than 60% nor less than 40% of such net sum shall be so apportioned to any such town in any year.

Sec. 13. Adoption of annual operating budget; apportionment of cost to participating towns. The voters of the district at each annual meeting of the district shall also determine and shall include in an operating budget to be then adopted the sums, not less than the amount prescribed by general law, required for all expenses of the said community school district for the current year not included in the capital budget. The total sum required to meet the operating expenses as set forth in said operating budget, less any funds received from other sources available to meet the same, shall be apportioned to the participating towns by the trustees in proportion to the maximum membership at the community school of pupils from each such town during the school year ending the preceding June; provided, however, that until the community school has been in operation for 1 full school year, such apportionment shall be based on the maximum membership of pupils from each such town attending the Boothbay Harbor High School during the preceding school year. There may, in the operating budget, be an item of appropriation termed "sundries" but that item shall not exceed 3% of the total appropriations in that budget.

Sec. 14. Form and amendment of budgets; transfers and lapses of appropriations; limitation on making expenditures or incurring liabilities. All appropriations in said budgets shall be made by items specifying the amount of money appropriated therein and the purpose for which the amount is appropriated. No money appropriated ^{for} or any items shall be used for any other purpose, but transfers of appropriations within a budget may be made by the trustees in proper cases; provided, however, no such transfer from the item for salaries for school teachers may be made with-

out approval by the committee. At the end of each fiscal year, any unexpended balance in any appropriation not necessary to meet liabilities already incurred with respect thereto shall cease to be available for the purpose for which it was appropriated and shall be used in the proportion collected from the participating towns to reduce the amount otherwise to be assessed against said towns in the following fiscal year. The voters of the district at a special meeting called and held for the purpose may amend the budgets or make additional appropriations. The amount of any such additional appropriation shall be included, if practicable, in the annual assessment and levy of taxes for the current year and, if not so included and collected, shall be included in the proper budget in the ensuing year and then assessed and collected. Nothing in this section or the 3 preceding sections shall be deemed to be a limitation on the power of the trustees to authorize a capital project of the type that can be financed by bonds and an appropriation by the trustees of the proceeds of bonds for any authorized purpose shall, unless the issue of such bonds be disapproved by the voters of the district at a referendum as hereinbefore provided, be binding in all respects upon the district. No liability shall be incurred or expenditure made by or on behalf of the district for which no provision is made in the annual budgets, in an amendment thereof, in a special appropriation or by a bond issue; provided, however, that notwithstanding anything to the contrary in this act contained, the total sum required to pay the principal of and interest on bonds issued by the district due and payable in any fiscal year shall be assessed, collected and paid to the treasurer of the board of trustees of the district as herein provided, whether or not provision therefor shall be contained in the capital budget for said fiscal year, and said principal of and interest on said bonds shall be paid or be caused to be paid when due to the person entitled thereto by said treasurer.

Sec. 15. Assessment, levy and collection of taxes. On or before the 1st day of April, the trustees and the committee shall issue their joint warrant in substantially the same form as the warrant of the treasurer of the state of Maine for taxes, with appropriate changes, to the assessors of the participating towns requiring that they assess and levy upon the taxable polls and estates within their respective towns, including all village corporations therein, an amount equal to the share of the capital budget and the operating budget for said year allocated to such town as hereinbefore provided and also requiring that they commit their assessment to the constables or collectors of said towns, respectively, who shall have all authority and power to collect said taxes as is vested by law to collect state, county and municipal taxes. The treasurers of said towns shall pay the amount of such tax so assessed and levied against said district and collected in their respective towns to the treasurer of the board of trustees as follows: at least $\frac{1}{2}$

thereof on or before the 1st day of September of the year in which said tax is so assessed and levied and the balance on or before the 31st day of December in said year. The treasurer of the board of trustees shall rebate to the treasurer of any such village corporation the same percentage of the community school district tax assessed against it, if any, as its charter may then provide in the case of town taxes. In the case of a failure on the part of the treasurer of any town to pay said sum, or in the case of his failure to pay any part thereof on or before the 31st day of December of the year in which said tax is levied, the treasurer of the board of trustees may issue his warrant for the amount of said tax, or so much thereof as shall remain unpaid, to the sheriff of Lincoln County, requiring him to levy by distress and sale on real and personal property of any of the inhabitants of said district and the sheriff or either or any of his deputies shall execute said warrant except as is otherwise provided herein. The same authority as is vested in county officials for the collection of county taxes under the provisions of the revised statutes or any amendments thereto is hereby vested in the board of trustees of said district in relation to the collection of taxes within said district.

Sec. 16. Annual meeting of district; special meeting; qualifications of voters of district. After the acceptance of this act and the organization of the board of trustees, the annual meeting of the district shall be held within the district, and, if practicable, at the community school building when completed, on the 1st Monday of February between 9 o'clock in the forenoon and 8 o'clock in the afternoon. An attested copy of the notice of said meeting, signed by the chairman of the board of trustees or chairman of the committee, and specifying the time and place at which the meeting is to be held, shall, not less than 7 days before the meeting, be posted in some public and conspicuous place in each of the towns comprising the district and published in a newspaper having a circulation in the district, such publication to be not earlier than 15 days prior to such meeting and not later than 5 days before such meeting. Special meetings may be called by the board of trustees or the committee in like manner at any time, and notice of special meetings shall state the business to be transacted thereat. If for any reason a legally sufficient annual meeting is not held on the date provided above, a meeting in lieu thereof may be called in like manner to be held as soon as practicable after said date. Every person resident in said district and qualified to vote for governor in the town in which he resides shall be entitled to vote in any meeting of the district. Twenty-five qualified voters shall constitute a quorum but a lesser number may adjourn the meeting. Except as otherwise herein provided, such special meeting shall be advertised in each of the participating towns and conducted according to the general law relating to municipal elections so far as applicable; provided,

however, that the boards of registration of the said towns shall not be required to prepare for posting nor the town clerks to post new lists of voters and for the purpose of registration of voters said boards shall be in session in each town during the secular day next preceding any such meeting to register voters and to verify the correction of said lists, and prior to the time of such meeting said boards shall complete and close up their respective records of said session. The town clerks of the participating towns shall provide an up-to-date check list of duly registered voters in their respective towns for use at each meeting of the district.

Sec. 17. Authority to receive property. The district is hereby authorized to receive from the participating towns, and said towns are hereby authorized to transfer and convey to said district, any property, real, personal or mixed, now or hereafter owned or held by them for school purposes, and any sums of money or other assets which the said towns have raised or may raise, either by taxation, borrowing or otherwise, for school purposes. Before transferring and conveying any of said property or turning over any of said funds or assets, the municipal officers of the town shall be duly authorized to do so by a majority vote of the legal voters present and voting on the question at any annual or special town meeting, the call for which shall have given notice of the proposed action. The district is hereby authorized to sell, transfer, convey, pledge or exchange property so received.

Sec. 18. Authority to expand "school" to include grades 7 and 8. (Whenever a majority of the legal voters of the towns of Boothbay and Boothbay Harbor, voting on the question by written ballot at any regular town meeting or at a special meeting thereof called and held for the purpose as hereinafter provided, shall approve the inclusion of grades 7 and 8 in the community school, the word "school" as defined in section 1 of this act shall be deemed to include grades 7 to 12, inclusive.) Each such special meeting shall be called, advertised and conducted in the manner set forth in section 19 hereof. The question to be submitted by vote by secret ballot shall be substantially as follows: "Shall the Boothbay-Boothbay Harbor Community School include grades 7 and 8 in addition to grades 9 to 12, inclusive?" The results in said towns shall be declared by the municipal officers of each of said towns and returns filed by the respective town clerks with the secretary of state. (The question of approving the inclusion of grades 7 and 8 in the community school may be submitted to the voters of each of the said towns at the same meeting at which the question of accepting this act is submitted under section 19.) In the event a town shall disapprove of such inclusion or its approval be no longer effective, the question may be resubmitted to the voters of such town; provided, however,

that after the trustees shall have authorized the acquisition or construction of a community schoolhouse and shall have issued bonds of the district to finance the same, such question may not be submitted oftener than once in 24 months and provided further, that the approval of 1 such town of the inclusion of grades 7 and 8 in the community school shall become null and void unless the other such town shall also approve of such inclusion within 24 months thereof.

Sec 8

Sec. 19. Effective date; referendum. This act shall take effect 90 days after the day of adjournment of the legislature only for the purpose of permitting its submission to the legal voters of the towns of Boothbay and Boothbay Harbor voting on the question at any regular town meeting within each respective town called and held not later than December 31, 1955. If the act shall fail to gain approval, such failure shall constitute a final determination for the purposes of this act. The town clerk in each respective town shall reduce the subject matter of this act to the following question: "Shall an Act entitled 'An Act to create the Boothbay-Boothbay Harbor Community School District' be accepted?" and the voters shall indicate by secret ballot by the words "Yes" or "No" their opinion of the same. The results in said towns shall be declared by the municipal officers of each of said participating towns and returns filed by the respective town clerks with the secretary of state.
