# ACGC Elementary PK-4
e-Learning Plan for Parents

E-Learning days will be implemented in the 2022-2023 school year. If we experience any inclement weather days or need to cancel an in-person school day, e-Learning would replace in-person learning. Below are the key highlights to be aware of when an e-Learning day goes into effect.

Communication:

- When an e-learning day goes into effect, communication will be delivered via phone, radio, email, district website, and on social media sites.
- Students will NOT come into school and buses will NOT run.
- E-Learning day materials are located in your child's Take-Home folder. Teachers will also send information and a digital copy of the materials to parents, via the Remind App and email, by 9:00am the morning of an e-Learning day.
- Teachers, principals, and other licensed professionals will be available by email, Remind App, or phone (via voicemail) from 9 a.m. to 3 p.m. **Staff will do their best to respond in a timely manner during scheduled hours.**
- Staff contact information is located on our website at: www.acgcfalcons.org/staff .

Preschool-4th Grade Academics:

Learning Platform and Schedule: We will be using common platforms and schedules to make e-Learning easier for families. Assignments will be placed on a choice board and consist of exposure to new materials, review of previously taught materials and independent practice of materials.

Materials: The Paper-Pencil choice board for e-Learning is located in your child's Take-Home Folder.

Support: There are three optional ways to get support on an e-Learning day:

- Contact teachers through the Remind App
- Contact staff through email or phone: www.acgcfalcons.org/staff
- Join a live google meet session https://meet.google.com/

Attendance: Assignment packet completion will correlate with attendance. Assignments will be turned in the next in-person instructional day, through Google Classroom or per the arrangements made between the teacher and parent.

Teaching: Staff will be live through the Google Meet link as indicated on the optional eLearning schedule. Staff will also be available through email, phone and the Remind App.
