You filed a complaint with the local board and you are not satisfied with the final decision about the use of an emergency safety intervention (ESI).

File a request for administrative review with the Kansas State Board of Education. You must do this within 30 days of the local board's final decision or, if the local board failed to issue a final decision, within 60 days of the date you filed a complaint with the local board.

Mail this request to the Commissioner of Education, Kansas State Department of Education, Landon State Office Building, 900 SW Jackson Street, Office of General Counsel, Room 102, Topeka, Kansas 66612

The Kansas State Board of Education will designate a Hearing Officer to conduct a review of the local board's final decision.

The Hearing Officer may initiate a separate investigation that may include:

- A discussion with the parent;
- Contacting the local board or other staff involved; and
- An on-site investigation.

If the Hearing Officer finds new information, they may send the issue back to the local board. If you are not satisfied with the local board's amended decision the right to request administrative review begins again.

Investigation results will be provided to the parents, school administrator, district superintendent, local board, and state board within 60 days of the commissioner's receipt of the request for administrative review.

A request for an administrative review may include, but is not limited to, the following allegations:

- An emergency safety intervention was used with your child when your child did not present a reasonable and immediate danger of physical harm to themselves or others with the present ability to effect such physical harm.
- The district used a form of banned restraint including prone, supine, physical restraint that obstructs the airway of your child, physical restraint that impacts your child's primary mode of communication, chemical or mechanical restraint that does not meet an exception.

- The use of emergency safety intervention with your child did not stop as soon as the immediate danger of physical harm stopped.
- emergency safety intervention was used with your child for discipline, punishment, or convenience.
- Emergency safety intervention was used with your child and you have provided school staff with documentation from your child's licensed health care provider that seclusion could put your child in mental or physical danger.
- Seclusion was used with your child and school staff could not see and hear your child at all times.
- Your child was put in a seclusion room with a locking door that does not automatically disengage when school staff walk away or in an emergency.
- Your child was put in a seclusion room that was unsafe, not well-ventilated, or not sufficiently lighted.
