

Lee County School District
Celebrating National School Lunch Week
October 15-19, 2018

Lee County School District will celebrate ***National School Lunch Week*** beginning **October 15-18, 2018** and the theme this year is, "Lots 2 Love".

National School Lunch Week will emphasize the healthy foods that are offered daily at Lee County School District. Some of our activities highlighting the theme "Lots 2 Love" will include students coloring activity sheets that will be displayed in the cafeterias, and students will do colorful food lists of their favorite foods served in the cafeterias. Also, community partners and parents are invited to come out and celebrate with us by eating lunch with our students and staff. The cost of a lunch tray for adults is \$3.60.

National School Lunch Week helps us educate students, staff, parents and the community about all the benefits of our lunch program and the appealing food choices we offer in our district.

"Lee County School District, where children are first!"
