

Electric Boat & Scouts of America

are teaming up to bring an interactive club for Boys and Girls grades 6 through 8 to learn how submarines are made!

Children will discover submarine Technology, visit a real nuclear reactor (at URI), and even tour our facility to see how one is made!

The Middle School Explorer Club will be held the first Saturday of every month, starting Nov. 3rd, during the school year. No fees.

If interested contact Nina Doyle at ndoyle@gdeb.com
