

It is the mission of the Bowie Unified School District, together with our unique multicultural communities, to provide and expand fair and equitable quality educational opportunities for learners so that they may grow and succeed in a global society.

**Bowie Unified School District 14**  
**Title I Program**  
**Parental Involvement Policy**

The Bowie Unified School District is committed to the overall process of involving parents in the education of their children. The following are the guidelines we agree to follow to ensure that all Title I students improve achievement:

- Parents will be involved in the development of school and parent involvement policies.
- The school will conduct at least one annual parent meeting to review the Title I program and family involvement guidelines.
- The school will strive to build the capacity for strong parent involvement by sending out notices with students, posting notices in community accessible areas, notices in the school newsletter, and direct interaction with students and parents.
- The school will provide opportunities for the participation of parents with limited English proficiency, with disabilities, and migratory children.
- The school will provide a Title I school compact that describes the roles of the school, the parent, and the student in striving for academic success.
- Parents are provided the opportunity to express their ideas or concerns through our evaluation surveys or direct interaction with the school staff.
- Parents will be surveyed each school year to evaluate school programs. The data gained from these surveys will be used to identify needs to be addressed during the following school year.
