DATE October 9, 2018
TO: Staunton School District
PROJECT: Locks and Rekeying

Estimate to provide all locks and keyed cylinders to rekey all buildings. All classrooms to have emergency interior lockdown either with a thumb button or keyed cylinder.

Any classrooms that are set up currently with classroom function, (where a teacher needs to open the door and lock down from the hallway side) will be replaced with Schlage office or entry lockset (push button on interior).

Classrooms that currently have Intruder function (keyed cylinder on interior and exterior), will have new cylinders installed set up to new master key system.

Estimate total between \$ 65,000.00 and \$ 70,000.00
