Andrada High School's Parking Permit Safety Requirements

Student safety is the #1 priority for the Andrada Community. Recently, there has been a significant increase in traffic accidents for teenagers throughout Vail and Tucson. In order to help prepare new drivers to be safe, Andrada HS has added safety requirements to earn their parking permit. Student parking at Andrada High School is a privilege for students and it is not guaranteed. In order to keep the parking permit, students must complete safety requirements. These requirements are in place to assist students in driving safely on and off school property as well as give them the skills to be an effective driver and vehicle owner for years to come.

Students must complete the following requirements by January 12th, 2024 in order to keep the school issued parking permit. There will be opportunities communicated throughout the 1st semester to meet these requirements. Please contact administration for any questions.

Parking Permit Safety Requirements

- Complete *Impact Teen Drivers* AZ Graduated Driver Licensing Module
- Attend Defensive Driving and/or Distracted Driving Class (*APHS is working on establishing a partnership for a free class*)
- Attend Parking Lot Safety Class with Mr. Fletcher
- Attend Tire Changing and General Vehicle Maintenance Class with Mr. Nelson and/or Mr. Perez

By signing below you acknowledge that you are required to meet these parking permit safety requirements and that if you do not complete by January 12th, 2024 your parking permit will be revoked.
