Enter your District's salary schedule for this policy which must accurately reflect your district's actual pay practices and is not required by law to include step increases for additional years of experience.¹ State law requires each District to include its classified employee's salary schedule in its written personnel policies. Your district is required to have a salary schedule for at least the following five categories of classified personnel: 1) Maintenance and Operations; 2) Transportation; 3) Food Service; 4) Secretarial and Clerical; and 5) Aides and Paraprofessionals. The District is required to post the salary schedule on its website by September 15 of each year and should place an obvious hyperlink, button, or menu item on the website's homepage that links directly to the current year classified policies and salary schedule.

For the purposes of this policy, an employee must work two thirds (2/3) of the number of their regularly assigned annual work days to qualify for a step increase.²

The superintendent has the authority, when recommending an applicant and his/her placement on the District's salary schedule to the Board for its approval, to consider the applicant's previous work experience with similar duties, responsibilities, and skill sets to those job duties and responsibilities the applicant would assume for the District.³

Notes: The salary schedule does not have to, but certainly may, contain steps, nor does it have to be listed specifically, i.e. John Doe = \$9.25 per hour, Jane Doe = \$9.55 per hour. You may list the spread in salaries per category. For example, Janitors = \$ 8.75 to \$11.00 per hour, Bus drivers = \$9.75 to \$12.00 per hour, etc.

A.C.A. § 6-13-635 requires the Board to adopt a resolution that it has reviewed and adopted all salary increases of 5% or more, but most of the Act's listing of reasons are statutorily required raises and are paid by the state and not district funds. The Act's language requires the resolution even for an employee who moves from one position to another higher paying position such as going from teaching to administration. None-the-less, the resolution is required. Policy 1.9 directs the Board to review the salaries when adopting changes to this policy. We recommend the following language for the Board's resolution:

Whereas, the superintendent has identified all changes from last school-year's published salary schedule, and has identified and presented the Board of Directors with each employee's salary increase of 5% or more as required under A.C.A. § 6-13-635 and created a spreadsheet explaining each;

Therefore, the Paris School District Board of Directors approves and resolves that the spread sheet including those explanations is a factual representation of the raises given for the **insert date** school-year.

¹Your district's salary schedule should be inserted in place of this paragraph. The remainder of the policy should remain in the policy. It's important to note that any changes to the salary schedule must go through the PPC and the Board adopt the policy with the actual salary schedule included in the adopted policy. The following definition can be used to ensure you have included the data they will be looking for when you are reviewed. "**Classified Salary Schedule** is a set of matrices that are updated and published each school year, which contains the minimum salaries for all five classifications of classified employees and includes ranges, steps, and rates of pay. The salary schedule is required to reflect the actual pay practices of the district."

²Include this sentence only if your district has step increases built into its classified salary schedule. Two thirds (2/3) is merely offered as a suggestion.

³This is optional language, but can be useful when trying to attract employees from the private work sector.
