#Building our Future

Construction Update: RHS EXPANSION - Week ending 10/19/18

Final concrete slab pour was completed this week, and construction activity is ramping up as the building goes vertical. First framed wall panels are up, set in place by crane. Masonry work is under way, and concrete block walls are starting to form the shape of the new building.

#Building our Future

Construction Update: VRMS REPURPOSING: Week ending 10/19/18

Drywall installation is now under way inside the building, and electrical work is in progress. In the parking lot, paving work continues, new curbs were installed, and prep is under way to install light poles and an underground storm detention system.
