Dear Family/Guardian,

This spring students in grades 3-5 will take the Smarter Balanced tests in Math and English language arts. Students in grade 5 will also take the Washington Comprehensive Assessment of Science Test. These tests are a check-in on student learning from the school year 2022-2023.

Smarter Balanced and WCAS tests were shortened this spring to ensure that students and teachers would have as much time as possible to review prior years curriculum and cover the current classroom curriculum. The results from the Smarter Balanced tests provide a picture of whether students across the state are on track to be ready for career or college.

Thank you for continuing to work with us to make sure your student is successful. Please let us know if there is anything we can do to better support you or them. We want your student to leave us with a solid foundation of skills and a future full of opportunities. Research shows that students perform best when they have plenty of rest, a healthy breakfast and are ready to go on time.

Please call your students' teacher or Bobbie Mooring or Angela Markham if you have questions about state testing at 360-965-1900.

Sincerely,

A handwritten signature in black ink that reads "Emily Whitten". The signature is written in a cursive style with a large, stylized "E" and a long, sweeping underline.
